EARLY CABINET SHAKE-UP IN GREAT BRITAIN

Rumors Say Sir S. Hoare May Be First Lord of Admiralty

Budget "Leakage" Inquiry Pressed

Associated Press
London, May 15.—Prime Minister Stanley Baldwin's cabinet, involved simultaneously in a budget "leakage" inquiry and a League of Nations controversy, was reported in some British political quarters today to be in for important changes.

The press indicated Viscount Mollison, First Lord of the Admiralty, was about to retire, possibly to be replaced by Sir Samuel Hoare, and also hinted cautiously: "Other changes are believed to be imminent."

The London Daily Mail said it understood Viscount Mollison had expressed a wish to be relieved of his duties by Whitehall (May 31). The paper added Premier Baldwin might ask Sir Samuel Hoare to join the cabinet at that time, but not necessarily as First Lord of the Admiralty. The Prime Minister might decide to make other changes, the paper added, which would provide the former Foreign Secretary with the choice of another office.

"LEAKAGE" INVESTIGATED
These rumors of an impending cabinet shake-up circulated as the judicial tribunal, investigating reports that an escape of budget secrets had caused a rush for insurance against increased income and tea taxes, resumed its inquiry to study bankbooks and investment records of Colonial Secretary J. H. Thomas.

The one-time locomotive greaser, now a veteran minister, yesterday agreed to submit his financial records to the commission.

GAS MASK REFUSAL CAUSES SURPRISE

Associated Press
Geneva, May 15.—The International Red Cross committee disclosed officially tonight it had refused the request of the Ethiopian Red Cross to send gas masks to the African kingdom during the Italo-Ethiopian war.

The committee said gas masks could be sent only to physicians. The disclosure caused a sensation in Geneva.

Toronto Oxford Student Loses Life

Remains of T. P. Moss Found in Debris of Burned Haystack in England; Possibility of Murder Seen By Police

Canadian Press
Stadthampton, Oxfordshire, Eng., May 15.—The charred body of a youth tentatively identified as T. Patterson Moss, a Toronto-born student at Oxford University, was found today by police in a burned haystack on a farm.

The police said the case was murder as indicated by the fact both arms were broken. Moss, a student at Balliol College, had been at Oxford three years. His mother came to Great Britain three months ago.

Sir Bernard Spilsbury, renowned pathological expert in many crime cases, was called into the case at once. Preliminary investigation did not indicate the means by which the body was placed in the haystack and a widespread police search failed to provide any clues. Further examination of the body showed a skull fracture.

EXCELLENT REPUTATION
Fellow students at Oxford described Moss as "an exceedingly fine and quiet young man, interested in his studies."

The charred remains were found after fire of unexplained origin had broken out in the hay rick during the night.
(Turn to Page 2, Col. 2)

SUN-TANNING IS POPULAR ON VICTORIA BEACHES

For some days the young folks in Victoria have been getting down to regulation bathing costumes and stretching on the beaches and getting their first coats of sunburn. Some of the harder ones who have been gracing the beaches since early April already have good coats. From now on the tanning business will be in full swing and school children are eagerly looking forward to the time when their exams will be over and they will have two months on the beaches. Those in the above picture, reading from left to right, are as follows: Bob Earl, Leslie Calvert, Roy Rendle, Lawrence Walker, Helene Walker, Joseph Peacock, Frank Kule, Michael Russell and John Walker.

Amy Mollison Is Cheered On Ending Long Record Flight

Canadian Press
London, May 15.—Mrs. Amy Johnson Mollison's reputation as an ace flier touched a new high today as the wheels of her airplane sped across the landing field at the Croydon airport, and a huge crowd cheered her achievement in breaking three long-distance records.

Mrs. Mollison flew from Capetown to London in 4 days 16 hours 17 minutes to break the old mark for the hop across two continents by 1 day 14 hours 48 minutes. She completed the round-trip flight from London to Capetown and back within eleven days total elapsed time. Her actual time (not counting three days spent in Capetown between flights) for the round trip was 7 days 22 hours 46 minutes.

SOUTHWARD RECORD
Her third mark was set on the southward flight, which began from Gravesend, Kent, May 4 and ended May 7 at the Capetown airport. That

Victorians Win Alberta Medals

Canadian Press
Edmonton, May 15.—Brilliant English scholar, John C. Garrett of Strathmore, Alta., is winner of the Governor-General's gold medal at the University of Alberta for the last term. Presentation will be made at the convocation ceremonies this afternoon.

Mark McCling, now of Victoria and formerly of Edmonton, won the gold medal in philosophy, while Lloyd W. Bassett of Victoria went the Mowbray Memorial Medal in surgery and the College of Physicians and Surgeons' scholarship for final-year surgery.

"I am Not Licked," Says Starhemberg
Vienna, May 15.—Provincial followers of Prince Ernst von Starhemberg rallied to the support of the ousted Vice-Chancellor today in his self-declared bid for Austrian supremacy.

"In about a week the world will hear from the Heimwehr," the Fascist-inclined leader of one of Austria's private armies declared yesterday evening on his departure by train for Rome, ostensibly to attend an international football game.

MORE SECRET POLICE IN ITALY

Associated Press
Rome, May 15.—An increase of 3,000,000 lire (\$240,000) for secret police was granted by a governmental decree published in the official gazette today.

The decree said there was "urgent and absolute necessity" for an increase in the political police appropriation.

TWO ESCAPED MEN CAUGHT

Six of Convicts Who Broke Out of Oklahoma Prison Still at Large

Antlers, Okla., May 15.—Two of the desperate convicts who made a bloody dash from the Oklahoma state penitentiary, were recaptured near here today, shortly after three hostages—Guards T. Cope and V. Conn and Cowboy W. Hooks—had been released alive.

Six of the fugitives, who killed a prison brick yard foreman at the start of their spectacular dash across southeastern Oklahoma, remained at large, with manhunters of three states hot on their trail in this rugged corner of the Klamath mountains. Four of them, divided in pairs, were reported surrounded in the Antlers vicinity with a posse of fifty officers closing in, and another pair was believed trapped in a mountain stretch near the Arkansas state line.

An airplane, equipped with a two-way radio, was pressed into the hunt by the Oklahoma state crime bureau, to direct the officers in closing in on the latter pair.

Payment Today Cuts B.C. Debt

Retirement of \$3,500,000 Bond Issue By Province Partially Offsets Increases For Relief Financing

Decreasing the net debt of the province by \$3,500,000, British Columbia today retired out of treasury funds a five-year bond issue put out in 1931.

Through banks in New York, Montreal, Toronto, Vancouver and Victoria the bonds were paid off on maturity date. The funds were obtained from accumulated current treasury surpluses over the last two years. Sinking funds were not touched.

The payment today was regarded by the treasury as of more than usual significance in that it was the first time for several years that British Columbia has been able to meet one

EMPLOYMENT BOARD STARTS

National Commission Just Named Will Soon Hold First Meeting

Ottawa, May 15.—Canada's new seven-member National Employment Commission, whose purpose is to put people to work, is expected to hold its first meeting about a week hence. At that time the first of the plans, organization and exploratory, will be made.

Headed by Arthur B. Purvis of Montreal, the commission personnel announced late yesterday afternoon by Labor Minister Norman Rogers, includes three business men, a representative of labor, a former newspaperman, a university professor and a Saskatchewan farmer.

The members are: Arthur B. Purvis, Montreal, chairman; A. N. McLean, Black Harbor, N.B.; Alfred E. Marois, Quebec; Tom Moore, Ottawa; Mrs. Mary M. Sutherland, Wells, B.C.; W. A. Macintosh, Kingston, Ont., and E. J. Young, Dummer, Sask.

According to Chairman Purvis, the board's first function will be to try and get at the actual facts in respect to unemployment in Canada.
(Turn to Page 2, Col. 4)

TRAFFIC DELAYED BY FOREST FIRE

Goldbridge, B.C., May 15.—A forest fire today interrupted traffic and threatened power and communication lines at Shalalth, on the road between Goldbridge and the railroad.

The fire, believed to have started in a haystack pile at an abandoned sawmill, jumped the highway to a timber lease owned by the Pioneer Gold Mines of B.C. Ltd.

Of its large short-term maturities without refunding or getting assistance from Ottawa.

The retirement leaves the net debt of the province at a figure between \$145,000,000 and \$150,000,000. As at November 1, 1935, the last date on which the amount was reported, the net debt was \$145,851,832. Since then the province has borrowed some millions from the federal government to finance unemployment relief for which it has given treasury bills. The borrowing is partly offset by the reduction in debt today.

The gross debt of the province as at last November 1 was \$179,508,767, of which \$138,588,236 was funded into stock and debentures, \$29,899,586 in treasury bills to the federal government and the banks, \$20,160,000 in the P.G.E. Railway guarantee, \$4,007,370 in unfunded deficits and \$64,975 in the B.C. House mortgage. Against this are sinking funds amounting to \$33,656,935.

Move Is Part of Campaign For Conquest of Republic State Chinese Reports

KING TO FACE MORE CHARGES

Remand Until Monday Granted Todd Home Prowler

Jack King of Winnipeg, eighteen-year-old prowler, who confessed his guilt in police court yesterday after his spectacular arrest by Constable Louis Callan in the St. Charles Street home of Charles F. Todd, today was remanded until Monday morning, when further charges will be preferred against him.

Still limping slightly from the effects of the bullet wound from Constable Callan's gun, King appeared in court this morning. He said nothing when Prosecutor C. L. Harrison informed the court further charges would be brought against him on Monday.

These charges will involve property found on the accused belonging to Andrew Sheret and Mr. Justice McQuarrie of the Court of Appeal.

Chief Heatley today received several congratulatory letters from various citizens praising the work of Constable Callan and Patrol Driver Durnell, who also took part in the arrest. Driver Durnell kept watch outside the Todd home and when King was finally cornered in the bathroom and preparing to make a getaway through the window, Driver Durnell warned him to stay inside or he would shoot.

RAIN APPROPRIATES \$100,000 TO ISLAND'S FARMERS

Exports Grow Says Ottawa

Washington, May 15 (Associated Press).—Congress today completed action on the Norris \$100,000 Rural Electrification Bill and sent it to President Roosevelt.

Shipments Abroad in April Were \$10,000,000 Above Those in April, 1935

Canadian Press
Ottawa, May 15.—The National Revenue Department today announced Canada's April exports showed an increase in value of more than \$10,000,000 over those of April, 1935.

Exports of Canadian produce in April were valued at \$57,432,847, compared with \$47,115,652 the same month last year, while total imports for consumption were worth \$42,320,032 compared with \$36,636,702 in April, 1935.

REVENUE INCREASES
Ottawa, May 15.—The Department of National Revenue today reported customs and excise revenue during April totaled \$12,648,312, an increase of \$259,543 over April, 1935.

Customs duties collected amounted to \$5,386,144 compared with \$5,598,469 last year, excise taxes \$3,964,197 against \$3,711,928, and excise duties \$3,297,484 compared with \$3,019,457, while sundry collections amounted to \$4,448,486 against \$3,914 in April, 1935.

(Turn to Page 2, Col. 3)

As Japanese Troops Join Those Already at Tientsin, Peiping and Other Northern Points, Tokio War Office Spokesman Says Sovereignty of China Not To Be Overthrown; Britain and Other Powers Informed; Reports Say Japan Drafting Sweeping Demands on Nanking Government.

Associated Press
Tientsin, China, May 15.—The Japanese army landed 7,600 troops from four transports today in a movement described by the Chinese as part of a campaign, encouraged by the Italian seizure of Ethiopia, for ultimate conquest of China.

Main body of the newcomers was quartered in barracks at Tientsin, bringing the total strength of this garrison to nearly 10,000. Their arrival was believed by Chinese to pre-empt an ultimate coming of a full Japanese army division of 15,000 men.

GUATEMALA TO QUIT LEAGUE

Associated Press
Geneva, May 15.—The Republic of Guatemala resigned from the League of Nations today.

J. A. C. Avenol, secretary-general of the League, received a cablegram from the Central American nation notifying him of the republic's resignation.

Guatemala was one of the signatories of the League covenant at the time of its inception at the end of the Great War.

In September, 1931, because of financial reasons, Guatemala resigned her seat in the Council of the League.

Under the covenant, two years must elapse after a resignation is tendered before the withdrawal from the League becomes effective.

Downpour May Mean 25 Per Cent Increase in Crops; Could Not Have Come at Better Time

Rain during the last two days has been a shower of gold to the farmers on Vancouver Island, and its value is estimated at \$100,000.

"Wonderful, absolutely ideal," were their comments this morning on the downpour which soaked the ground to a depth of three to four inches.

"The rain means at least a 25 per cent increase in some crops," a veteran farmer in the Keatinge area declared.

"We couldn't have ordered it at a better time," another vowed.

A fair strawberry crop is now practically assured, managers of fruit associations said.

The weather this year has been ideal for new pastures and seeding work generally. Gardeners, especially those who have been bedding out annuals are delighted with the last two days' moisture, and vegetable growers, who have in most cases thousands of young plants out now, are looking forward to good crops.

Generally pessimistic of crop prospects, the farmer on the lower island was optimistic this morning.
(Turn to Page 2, Col. 3)

B.N.A. Act Changes Debated In Commons

Ottawa, May 15.—The Commons programme this afternoon was continuation of the debate on the address to the British Parliament asking for amendments to the British North America Act. The amendments are to empower the Dominion to guarantee provincial borrowings under certain conditions and to extend to the provinces power to collect sales taxes.

Minister of Justice Lapointe, who introduced the resolution yesterday afternoon, said:

"We are faced by circumstances created through difficulties in which they (the provinces) find themselves and because they have not sufficient revenues without using the powers of taxation which we are conceding to them."

"The provinces would receive the power of indirect taxation with regard to sales taxes on retail turnover with the exception of certain commodities on which customs or excise taxes are at a high rate."
(Turn to Page 2, Col. 4)

H. SPOONER OF CALGARY DIES

One of Original Oil Promoters in Turner Valley of Alberta

Canadian Press
Calgary, May 15.—Hiram Spooner, long prominent in Turner Valley oil field development, who came to Alberta thirty years ago as a homesteader from Ontario, died in a hospital here today following a brief illness.

Mr. Spooner was one of the original directors of Spooner Oils Limited, of which his brother, A. G. Spooner, is president.

He was 68 years of age.

"We are forced by circumstances created through difficulties in which they (the provinces) find themselves and because they have not sufficient revenues without using the powers of taxation which we are conceding to them."

"The provinces would receive the power of indirect taxation with regard to sales taxes on retail turnover with the exception of certain commodities on which customs or excise taxes are at a high rate."

Have Your Rugs Cleaned by Pantorium

—it's a health safeguard for your children!

EVEN with constant vacuum cleaning it is impossible to keep rugs free of dust and perfectly clean. Dust gets embedded in the pile of the carpet and only a thorough cleaning removes it... makes them a safe "playground" for your children!

Pantorium is equipped to clean rugs as they should be cleaned. Some must be dry cleaned and others require to be shampooed so that they will be returned with all their original lustre and beauty. That is because rugs are manufactured in many different ways, and Pantorium knows how to treat each particular type of rug so that best results will be achieved.

Before you make any decision about rug cleaning... call Pantorium. Our advisory system covers every district in Victoria each day and it places you, under no obligation to ask for our advice. It is a service we gladly render.

Window Drapes and Chesterfields Should Be Dry Cleaned, Too

Many women do a room at a time when they spring house-clean. They send, rugs, window draperies, Chesterfield suite, cushions, etc., and avoid the inconvenience of having more than one room upset at a time. It is a practical method to follow.

EMPLOYMENT BOARD STARTS

(Continued from Page 1)

CONFIDENCE VOICED

"I have great confidence in this new venture in nation-wide co-operation as an approach to stubborn economic problems," said Labor Minister Rogers. "The personnel of the commission has been selected with the utmost care. Each member will be able to contribute a specialized fund of knowledge and experience to the study of the complex problem of unemployment and relief. The chairman and members of the new commission may be assured from the outset of the full co-operation of the Department of Labor."

READY FOR ACTION

The chairman issued a statement in which he said:

"The National Employment Commission has been set up by the government to bring about the re-employment of those who would normally be self-supporting were it not for the dislocation of trade...."

"Our government believes, and the National Employment Commission believes, that Canadians are ready to move out of this atmosphere of doubt and criticism. More—that they are prepared to take their part in a nationwide co-operative effort to face squarely the problems before us, and make such sacrifices as will bring about their solution."

"With this end in view the National Employment Commission will seek the co-operation of every man and woman, young and old, in a team effort to win back for all the right to a true feeling of independence."

The name of Mr. Purvis had been announced some time ago by Prime Minister King. The names of the other members were announced for the first time yesterday.

BORN IN ENGLAND

Arthur Blake Purvis was born in London, England, March 31, 1890, and held various positions with chemical and explosives firms before coming to Canada in 1925.

Besides heading Canadian Industries Ltd., Mr. Purvis is president of the Dunlop Tire and Rubber Goods Company of Canada Ltd. and the Canadian Safety Fuse Company Ltd., and a director of the Bank of Montreal, the Bell Telephone Company of Canada Ltd., the Canadian Investment Fund Ltd., the Canadian Paper Corporation, the Liverpool and London and Globe Insurance Company Ltd., the Sun Life Assurance Company Ltd. and the General Motors Corporation of New York.

The commission chairmanship is his first public appointment in Canada.

BORN IN NEW BRUNSWICK

A. Neil McLean, a native of New Brunswick, was born in 1885 and is a banker, author and businessman. He spent fifteen years acquiring a knowledge of banking, first with the Bank of Montreal, and later with the Bank of Nova Scotia. At present besides being the head of Connors Brothers Ltd., fish products business, he is also a director of the New Brunswick Public Trust Company, the Maritime Trust Company and Scott Brothers Limited.

Mr. McLean will be represented on the commission by Tom Moore, known throughout the Dominion as a vigorous trade unionist and authority on labor problems. Mr. Moore, now in his fifty-eighth year, has always been identified with the labor movement and was president of the Trades and Labor Congress of Canada from 1918 to 1925, when he retired to accept an appointment to the Employment and Social Insurance Commission.

KNOWS FARM PROBLEMS

Previous to 1922, Mrs. Mary McCallum Sutherland was associated with the Grain Growers' Guide as an associate editor. She was known throughout western Canada as a speaker on farm problems at all of the grain growers' conventions and farmers' meetings held in the three prairie provinces.

She was married to Dr. Sutherland of Shellbrook, Sask., and took up residence there. About three years ago the doctor moved from Shellbrook to Wells, B.C., and has been practicing medicine in the mining district where Mrs. Sutherland and their family joined him.

IN UNIVERSITY WORK

In addition to his Queen's University work, Professor W. A. Macintosh taught school in Saskatchewan and worked for some months in the Department of Labor and in the Bureau of Statistics. He made a report for the registrar under the Combines Investigation Act into the operation of the Proprietary Articles Trade Association in 1926. Later he did special work for the Tariff Commission.

BORN IN QUEBEC

Alfred E. Marois, who was born in Quebec, is president of A. E. Marois Limited, shoe manufacturers, Quebec, and a director of the Levis Drydock and the Victoria Park Real Estate.

B.N.A. Act Changes Debated in Commons

(Continued from Page 1)

MUST BE CHANGED

The Minister of Justice believed it was "the universal opinion in Canada that the system of loaning money to and piling debts on the provinces by the Dominion must end." The amendments would enable the federal treasury to guarantee provincial loans and accept securities in return.

CAHAN'S OPINION

Hon. C. H. Cahan, Conservative, St. Lawrence-St. George, thought the procedure adopted was cumbersome. The same result could have been obtained by co-operation and agree-

ment between the Dominion and the provinces without an amendment to the B.N.A. Act.

Opposition to the loan council proposal, however, was not warranted, but opposition to the part of the address dealing with indirect taxation was, said Mr. Cahan. He feared it would lead to more intense agitation to compel the Dominion to assume all the liabilities of the provinces.

BENNETT'S VIEWS

Conservative Leader Bennett, opposing the proposed changes, said the financial relations between the Dominion and provinces as established at Confederation were delicate and complex. There should be deep study and careful examination before upsetting them.

If the Dominion widened the taxation field of the provinces so as to give them partial control of the indirect field, for example a sales tax, the Dominion would lose that jurisdiction, Mr. Bennett contended.

The second part of the resolution, dealing with provincial guarantees, was unnecessary, Mr. Bennett declared, because the power already existed. It would injure Canada's credit and throw legal doubt on all guarantees to provinces and railways given in past years.

BLACKMORE WITHDRAWS

John H. Blackmore, leader of the Social Crediters, threw the House into commotion by relaying anonymous charges that an intrigue existed to place Canada under the control of Wall Street.

The former school teacher from Lethbridge refused to accept responsibility for the statement or disclose the author, finally withdrawing it after a stormy fifteen minutes. The incident was climaxed by Deputy Speaker Sanderson ordering the speaker's expulsion from Hansard, an incident which has not happened in years.

Ottawa, May 15.—Hon. R. B. Bennett, Conservative leader, continued opposition in the House of Commons this afternoon to the government resolution proposing amendments to the British North America Act.

Japan Sends More Troops Into China

(Continued from Page 1)

It was authoritatively stated Japan communicated this intention to other interested powers, including, it was understood, the United States.

The British gave a pessimistic reception to the official notification.

REASONS GIVEN

The Japanese stated they were reinforcing their garrisons in China for three reasons:

1. Because of the increase in Communism;
2. Because of increased anti-Japanese propaganda;
3. Because of the increased number of Japanese nationals in the area.

FOR PEACEFUL PURPOSES

In its communication, the Japanese government emphasized the reinforcements were not designed as "a move against Chinese sovereignty or against the interests of other foreigners in the area, but solely to maintain order and peace."

The British were stated to feel they could not estimate the significance of the step at this stage, but one comment was, "It does not look too good."

Informed sources stated they could not see the action was related to the smuggling situation in North China. The British said Chinese customs were badly impaired by the inability of Chinese customs officers to collect duties.

NEW DEMANDS

Rumor is active that Japan is preparing new sweeping demands on the Chinese government which virtually would turn China into a Japanese protectorate.

SAYS OTHERS NOT MENACED

Tokio, May 15 (Associated Press).—A spokesman for the Japanese War Office declared tonight the increase in Japan's garrisons in North China "will injure neither China's sovereignty nor the vested rights of other powers in that area."

"On the contrary," said the spokesman, "it will tend to promote peace in North China and favorably adjust the relations of Japan, Manchukuo and China as well as our relations with other nations."

His statement was made in connection with the arrival of the first of the new units of Japan's North China garrison at Chinwangtao, Tientsin and Peiping.

EARLY CABINET SHAKE-UP IN GREAT BRITAIN

(Continued from Page 1)

Mr. Thomas told the inquiry yesterday his friend Sir Alfred Butt "invariably comes either into my room or in the office. To be quite frank, he invariably comes and tells me when he thinks he is going to win a horse race."

The doorman of the Colonial Office told the commission of inquiry Sir Alfred Butt, wealthy member of Parliament, theatre and racehorse owner, and one of those who insured against the tax increase, called to see Mr. Thomas "after the Easter recess."

The witness, William M. Robinson, said there was "very definitely" any discussion between the two men because Mr. Thomas was "frantically busy and could not see him then."

The doorman, who is on duty on alternate days, said the visit "didn't last more than about a minute or a minute and a half at most."

Amy Mollison Is Cheered on Ending Long Record Flight

(Continued from Page 1)

leg of the flight she covered in 3 days 6 hours 20 minutes.

All three old marks were set by Flight-Lieut. Tommy Rose in his round-trip flight of last February and March.

CHEERED BY THROG

In her triumphant aviation career Amy Johnson Mollison never had a more enthusiastic reception than when she arrived at Crofton at 1:30 p.m. (4:30 a.m. P.S.T.) today. Enormous, wildly-shouting crowds were held back off the field with difficulty as her plane appeared and made a gigantic semi-circular sweep across a clear blue sky before landing.

handbills reading: "Bravo, Amy," and the same greeting was shouted by the thousands assembled at the field. Officials, without waiting for the motor of Mrs. Mollison's plane to stop, hailed the machine to a raised platform on which were the mayor of Crofton and his wife, Capt. James Mollison and the record-breaking flier's father, mother and two sisters.

As she climbed out of the plane, she was embraced by her fier-husband.

She also received congratulations from J. G. Gibson, associate-director of civil aviation, in the name of his officials of the Air Ministry.

BRIEF SPEECH

A battery of cameras clicked and Mrs. Mollison was pressed by officials to make a speech.

Amy leaned over and whispered in her husband's ear: "What shall I say, then?"

Finally the cheering was hushed and she said:

"Thank you very much. I am very glad to be back."

DELAYED AT GRAZ

A chance of breaking the north-bound flight record by a great margin was dashed when Mrs. Mollison was forced to make an unscheduled halt last night at Graz, Austria. She had planned to fly direct from Athens to Crofton, but bad weather over the Alps forced a change in plans. After an over-night wait at Graz, she hopped off from there shortly after 8 a.m.

TORONTO OXFORD STUDENT LOSES LIFE

(Continued from Page 1)

Authorities surmised Moss had dropped asleep on top of the truck. They believed he fell off the truck and was knocked unconscious. His presence in the district also remained a mystery.

The fire was discovered in the middle of the night by a farmer in the vicinity. Investigation later revealed the badly-burned body of the six-foot student.

The theory Moss might have been murdered was not abandoned.

Toronto, May 15 (Canadian Press).—Thomas Patterson Moss, reported burned to death in a haystack at Southampton, Oxfordshire, England, was the only son of the late John H. Moss of Toronto, a barrister who died in 1920. Moss also was the grandson of the late Hon. Thomas Moss, Chief Justice of Ontario.

Young Moss, twenty-one years of age, was in England with his mother, and was studying law at Oxford University, planning to return to Osgoode Hall here and be called to the Ontario bar.

Thomas C. Patterson, postmaster of Toronto from 1879 to 1907, was his maternal grandfather, who was founder of the Ontario Jockey Club and editor of The Toronto Mail in 1872.

Rain Worth \$100,000 To Island's Farmers

(Continued from Page 1)

The rain could not have come at a better time, they pointed out, as the bees had finished their work on fruit tree blossoms. The rain had gone as deep as the plough would go, others said.

Hay and grain crops especially will be aided with resultant benefit to dairymen. A large strawberry crop is not expected due to winter heaving, but the moisture assures those that have not rooted well a better chance.

The rain is expected to swell loganberries, though the plantations have been badly hit by the extreme frost. Root crops, such as carrots and mangolds, which have in many cases just been seeded will get an excellent start. It is also pointed out that the rain is accompanied by mild to warm weather which is excellent for growth.

EXTRA PAY FOR RADIO PERSONS

(Continued from Page 1)

assumed names, all from the commission.

Denton Massey, Conservative, Greenwood-Toronto, said he had personal knowledge such practices were not unusual among artists and that in the circumstances under question there had been no violation of arrangements existing between the commission and the artists.

Secretary Landry said he did not know what action the commission took when the dual roles of the permanent staff were revealed. Rupert Lucas, one of those named, was still with the commission.

DEFICIT POSITION

For the fiscal year 1934-35 the commission had a deficit of \$57,000. Secretary Landry said. When he took over supervision of finances in November, 1935, he saw that if expenses proceeded at the rate then in effect there would be a further deficit.

Certain recommendations of his for cutting down programme costs were carried out and for the fiscal year 1935-36 the previous deficit was absorbed and a surplus of \$40,000 shown.

VERDICT OF THEFT

New Westminster, May 15 (Canadian Press).—Gordon H. Taylor, twenty-five, today was convicted by an assize court jury on a charge of stealing a radio and a suitcase from James V. Kemp, who had befriended him and given him a night's lodging. He was remanded till the end of the assize for sentence by Chief Justice Aulay Morrison.

terday afternoon, was held this afternoon at noon.

Mr. Pollock was the victim of an accident at the Ross and Cameron camp on the Cowichan Lake Road and was killed instantly. Details of the accident have not been received here by provincial police.

He is survived by his mother and a brother residing at Glyn station in Sanish.

FRENCH PAPER IMPORT RULES

Canadian Press From Havas

Paris, May 15.—A decree establishing conditions under which newspapers and periodicals may enter France under the terms of the modified customs agreement of April 21 was published in the official journal yesterday.

The decree provides for control of paper importation by a party committee, which will permit delivery on the showing of an import license. Freedom of import will be granted immediately if each shipment is addressed to a newspaper, on condition the entry for home use carries the names of those papers to which the newspaper is addressed.

The decree provides also for the exchange between newspapers of paper admitted under franchise as well as unstamped waste paper to be used only for reprocessing.

Cellulose compositions will similarly be admitted under franchise if certain conditions are complied with.

Judge's Challenge Sent to Governor

Associated Press

Boston, May 15.—A seventy-four-year-old special district court justice, indignant at Governor Currier's proposal to retire aging judges, has challenged the Governor to meet him in physical combat in the auditorium of the House of Representatives. In a letter to the Governor yesterday Judge Patrick J. Duane, former mayor of Waltham, suggested that he be the first to be given the test proposed by the Governor to determine the mental fitness of judges older than seventy years.

The judge, who won the sobriquet "Silk Hat" Duane years ago for his spruce attire and shiny silk top, said he would allow the Governor "a choice of weapons."

NEW DUTIES FOR DUKE OF YORK

Canadian Press from Havas

London, May 15.—The London Daily Herald yesterday predicted the Duke of York shortly would take over some of the manifold duties now carried out by his brother, the King. The newspaper also forecast that the Duke, heir-presumptive to the throne, would make a tour next year of foreign courts to announce the accession of King Edward VIII. It said this tour would be made after the coronation ceremony in May, 1937.

Massey Speaks In Manchester

Expresses Hopes Lancashire's Trade With Canada Will Increase

Canadian Press

Manchester, May 15.—Hopes for increased trade between Lancashire and Canada were expressed by Hon. Vincent Massey, Canadian High Commissioner to Great Britain, when he addressed the Manchester Chamber of Commerce yesterday.

"I cannot help thinking Manchester will find certain provisions of the Canadian budget particularly congenial," said Mr. Massey. "It is too early, of course, to estimate the actual result of the changes introduced, but the items on which reduction was made cover imports amounting in a normal year to \$57,000,000.

"The reductions remove some of the obstacles standing in the way of freer marketing of some Manchester products in Canada and the prospect of still larger trade figures between Lancashire and Canada is brightened."

The High Commissioner recalled in his speech in the great cotton centre that thirty years ago Sir Wilfrid Laurier, then Premier of Canada, was made a freeman of the city of Manchester. He also recalled that the same distinction was conferred ten years ago on Premier King of Canada.

FRANCHISE ON WIDER BASIS

United Church in B.C. Urges All Born in Canada Be Given Vote

Canadian Press

Vancouver, May 15.—Granting of a franchise to all persons born and reared in Canada and adoption of a code for Canadian citizenship will be urged on the federal government by the British Columbia Conference of the United Church of Canada.

The conference, at yesterday's session of the twelfth annual meeting, decided this action advisable because of the variety of racial elements and nationality that now constitutes Canadian citizenship and because racial tension noted in last year's report has increased rather than lessened.

Rev. Hugh Rae, chairman of the committee on evangelism and social service, presented the resolution asking for the extended franchise. It was moved by Rev. W. Deane and seconded by Rev. T. Shimizu, Japanese minister who was ordained into the United Church of Canada.

In seconding the resolution, Mr. Shimizu said he had often asked what "constitutes a good Canadian citizen, and so far I have received few answers that would satisfy me or anyone else."

In regard to the extension of the franchise, he said, "I want the franchise because I love Canada and I know that many of my countrymen have the same feeling for the Dominion as myself."

NEW OUTLOOK
Rev. W. R. Brown of Victoria explained the difficulties surrounding the publication of the church's official organ, "The New Outlook," published in its \$3,000,000 plant in Toronto. He said it had a turnover of \$1,053,000 last year.

Mr. Brown deplored the fact that the publication's subscription list was only 14,000 last year, adding he felt a new policy should be formulated and that strong efforts should be made to increase the circulation.

GREETINGS READ
Rev. J. A. Donnell, formerly of Saskatchewan and now of Nelson, was introduced at yesterday's meeting and greetings were read from Archbishop A. U. de Fenier of the Anglican diocese of New Westminster, which concluded its forty-sixth annual synod meeting Wednesday.

The conference also recommended that ministers and official boards make a definite time each year for the quiet and prayerful study of attitudes that dominate the thinking men in their interracial relations.

A report of the Lord's Day Alliance was read by Rev. G. Webb, secretary of the alliance.

NEW LIMITS FOR LOAN RETURNS

Canadian Press

Ottawa, May 15.—The senate banking and commerce committee yesterday decided to recommend returns to small loan companies on loans up to and including \$100 be limited to 2 1/2 per cent per month or 30 per cent annually. On loans of more than \$100 up to the legal maximum of \$500 the committee will recommend the return be limited to 2 per cent per month or 24 per cent annually. The return would cover all interest, service and other charges.

The motion fixing the limitation was made by Rt. Hon. George P. Graham, Liberal, Ontario, and seconded by Rt. Hon. Arthur Meighen, Conservative leader.

HEALTH MEASURES NEEDED

Toronto, May 15 (Canadian Press)—Lifeguard of tourists each year heightens the danger from smoggy dysentery and unless tourist camps and refreshment stands along Ontario highways are rigidly safeguarded a serious health problem will develop. Dr. W. L. Hutton of Brantford said yesterday in discussing tourist camp problems at the Ontario Public Health Officers' Association annual meeting.

OCEAN CROSSING IN BALLOON PLANNED

Associated Press
Paris, May 15.—Ernest Demuyter famous balloonist, yesterday announced plans for a transatlantic flight in a spherical balloon, starting from a point on the North American coast. He was twice winner of the Gordon Bennett cup. He said he expected to land in Norway within eighty or ninety hours after the takeoff.

NAVAL TREATY IS APPROVED

London Pact Sent to U.S. Senate By Its Foreign Relations Committee

Associated Press

Washington, May 15.—The foreign relations committee today voted to report favorably to the Senate floor the London Naval Treaty.

Senator Robinson, Democratic leader, announced at once it would be taken up Monday in the Senate.

The treaty provides limitations on the size of vessels, but none on the number of ships that may be built. It would provide, however, for an exchange of information among the signatories of information on projected building plans.

Mr. Robinson said he expected little opposition to be raised against it in the Senate, although Chairman Nye of the munitions committee had indicated he would protest the treaty lacked any agreement to limit actual strength, and for that reason would not prevent a naval race. The treaty would go into effect next January 1, or as soon thereafter, as ratified by the treaty powers, and continue until 1943.

M.P.'s to Tour With Reporters

Party to Cross From Eastern Canada to B.C. Coast in August

Canadian Press

Ottawa, May 15.—The party of parliamentarians and press gallery correspondents which will travel by special train across Canada to visit the Golden Jubilee celebrations at Vancouver will leave the east the first of August, it was announced yesterday evening following a meeting of interested members of Parliament. Arrangements will be made to stop over at several points during the trip to the British Columbia coast.

The committee of M.P.'s who will organize the excursion will be composed of G. G. McGeer, Vancouver; Burrard; H. B. Macdonald, Kenora, Ont.; Hon. C. D. Howe, Minister of Railways; O. Hanson, Skeena, B.C.; C. E. Johnson, Bow River, Alta.; J. F. Johnston, Lake Centre, Sask.; A. Edwards, Waterloo South, Ont.; A. Heaps, Winnipeg North; G. A. McLean, Simcoe, Ont.; W. A. Fraser, Northumberland, Ont.; Ross W. Gray, Lambton West, Ont.; C. B. Howard, Sherbrooke, Que.; K. S. Cochrane, Cumberland, N.S.; and W. M. Ryan, St. John-Albert, N.B.

Time 1:12 3/4. Also ran: Capt. Giffard, Polton, Tumbur, Duke Rancher, Adam Somers, Cheyenne Boy, Reder.

CAMPAIN FOR PEACE

Paris, May 15 (Canadian Press from Havas)—General G. Poudoum, treasurer of the Universal Peace Assembly, is en route today to Canada and the United States to campaign throughout North America for peace and the League of Nations.

Previous to Edward VIII, England had only one king who grew to manhood and never married. He was William Rufus, or William II, son and successor of William the Conqueror.

Public Works In New Zealand

Government Plans Three-year Programme to Cost \$87,500,000

Canadian Press

Wellington, N.Z., May 15.—A three-year programme of public works to cost \$17,500,000 was announced by Hon. R. Semple, Minister of Public Works, in the New Zealand House of Representatives yesterday.

The scheme will replace the existing unemployment relief works that cost approximately \$4,000,000 annually. The basic wage for laborers will be 16 shillings daily, with a five-day week of forty hours.

Meanwhile the Legislative Council, the upper House, passed the Primary Products Marketing Bill, giving the government virtual control of the marketing of dairy produce, after rejecting a proposal that a plebiscite of the Dominion's farmers on the question be held. The bill had already been passed by the House of Representatives.

Prime Minister Michael Savage announced the Board of Trade Bill would be invoked if necessary in order to prevent an increase in prices as a result of the granting of higher wages to workers. The government aimed at increased buying power, Mr. Savage said, which could not be achieved if costs were raised in exactly the same proportion at the same time.

Senators Vote Insurance Bill

Measure Amending Companies Act Is Sent to Commons

Canadian Press

Ottawa, May 15.—The Senate yesterday gave third reading to a measure amending the Canadian and British Insurance Companies Act. Initiated in the Upper House, the bill will be sent to the House of Commons for its consideration. One amendment affects provincial insurance companies holding Dominion licenses. Policyholders in these companies will participate in company profits to an extent of at least 90 per cent. This provision is similar to the one now applicable to Dominion companies.

No debate developed when Senator F. B. Black, Conservative, New Brunswick, made his motion for final reading of the bill.

RELIEF FIGURES
Answering Rt. Hon. Arthur Meighen, opposition leader, on the proposed disbanding of relief camps, Senator Raoul Dandurand, Liberal leader, said that up to May 1 a total of 6,100 men had left voluntarily. The number in the camps on May 1 was 14,576 and at that time there were 10,000 jobs in railway maintenance still available. Senator Meighen said his question had only been answered to a degree. A large proportion of the 14,000 in camps were unemployed and some provision would have to be made for them when the camps were broken up. The Senate adjourned until next Tuesday evening.

Says U.S. Would Be in Next War

Sir Robert Falconer Gives Views on Canada at Edmonton

Canadian Press

Edmonton, May 15.—Isolation of Canada from European wars through the Dominion seeking the protection of the United States is out of the question as the United States could not keep out of the next world conflict, declared Sir Robert Falconer, former president of the University of Toronto, in an interview yesterday. He came here to attend the convocation of the University of Alberta.

Long an ardent champion of the League of Nations, Sir Robert denied emphatically that the League's record in the last few months had established its failure. Neither does he agree with those who say that "teeth" should be put in the League, though some reorganization might be necessary.

"The League of Nations is the only hope of civilization," said Sir Robert.

Sir F. Schuster Dies in London

Widely-known Banker Succumbs in 83rd Year

Associated Press

London, May 15.—Sir Felix Schuster, banker and financier, died yesterday, aged eighty-two. Sir Felix, former governor of the Bank of London and Smiths Bank Limited, and a director of the National Provincial Bank, had held many important financial posts.

For ten years he was a member of the council of India. He served on many other British financial commissions and boards and in 1923 was president of the British Bankers' Association. He was knighted in 1908.

Wide Range For Purchases

Ottawa Officials Explain \$100 Privilege For Returning Tourists

Ottawa, May 15.—Officials here today disagreed with a contention of Representative C. A. Plimley of Vermont the privilege granted under the Canadian budget enabling tourists to bring back \$100 worth of United States goods was "meaningless."

Mr. Plimley, a Republican from Vermont, told Secretary of State Hull in Washington yesterday it was "meaningless" because so many commodities were specified on which the \$100 exemption would not apply. Officials said they considered the provision wide enough to enable tourists to bring in practically everything they wished for personal use except goods already purchased, such as narcotics, salacious publications, used automobiles and used airships.

There are certain limitations respecting liquor and tobacco. The returning resident, who must have been at least forty-eight hours abroad, can bring in for his personal use 200 cigarettes, fifty cigars and two pounds of tobacco. Also he can bring in one quart of liquor or beer.

GIRL'S FACE IS TORN BY DOG

Canadian Press

Killarney, Man., May 15.—Attacked by her pet police dog, three-year-old Sadie Weir was in a serious condition today after the animal had torn her face and neck. The dog had been the child's constant companion and the cause of the attack was unknown. She was rescued by her father, a farmer in the district.

STAY GRANTED
New Westminster, May 15 (Canadian Press)—Louis Rose of Fort Coquitlam today was free, having been granted a stay of proceedings by Chief Justice Aulay Morrison in the Assize Court in the charge of manslaughter resulting from the death of R. A. Hanna in a Port Coquitlam Hotel on April 2. Hanna died of hemorrhage of the brain.

A camel does not feel the pangs of thirst for five days after drinking.

ALLENBY

MEMORIES OF ONE OF THE MOST brilliantly-executed campaigns of the Great War are recalled by the tragically sudden death in London yesterday of Viscount Allenby at the age of seventy-five. After magnificent work in France, during which the Canadian Corps served under him when he was commander of the Third Army, Allenby succeeded, in the spring of 1917, Sir Archibald Murray in charge of the forces in Egypt and Palestine. For three months after his arrival in that scene of operations against the German-led Turks he devoted his attention to preparations for an offensive in the fall, reorganizing the command, and greatly developing communications.

Preliminary manoeuvres and the bombardment of the enemy's strong defences at Gaza paved the way for the main attack on November 6 which broke through the weakened Turkish centre and into the plain of Philistia. This compelled a general retreat of the Turks, and pursuit was pressed so relentlessly that by November 14 the port of Jaffa had been seized, the Turkish armies driven apart in two divergent masses, and Allenby was able to wheel his forces on the heels of the Turks for the latter to block the narrow mountain passes, and, despite a stout Turkish resistance, almost to the gates of Jerusalem, the objective was gained with the surrender of the city on December 9. By the time the winter rains set in the position of the British had been improved and their hold on Jaffa and Jerusalem had been made thoroughly secure.

The further advance in the following spring was interrupted by the crisis on the western front and the diversion of most of Allenby's British troops to that theatre of operations. Reinforcements, however, soon were forthcoming from India and Mesopotamia. Training of these troops and reorganization preceded the final movements which eventually trapped the main Turkish armies, and which only left the rounding up process.

The capitulation of Turkey—the result in every detail of Allenby's brilliant strategy—rang down the curtain on this brief and dazzling campaign—a factor of importance in determining the outcome of the long-drawn-out conflict. Making all allowances for the British superiority in strength, it must rank as one of the masterpieces of military history, as perfect in execution as design. The story of this campaign, of course, is the most arresting tribute to Allenby as a soldier under innumerable heads. Had he not been a real comrade in arms, also in every respect, his success in the field could not possibly have been as complete as it was.

Victoria has a particular interest in this tragic passing—this brilliant record—of the soldier who lies dead in London. In 1926 he and his charming wife visited this city and impressed our citizens with their many fine qualities, especially their simplicity and their kindly bearing. Viscount Allenby's inspiring address in the First United Church under the auspices of the National Council of Education will be well remembered.

It is noteworthy, by the way, that the announcement of Viscount Allenby's death yesterday coincided with the arrival in Victoria of copies of The Glasgow Herald containing the full text of the great soldier's address to the students of the Edinburgh University, as their rector, on April 28. An editorial article on his discourse describes it as "wholehearted in its utterance, fearless in its assumptions, candid in its outlook, yet never dispirited or harassed by futility." His plea was for world peace, and he asked, "is it too much that the human intellect is equal to the problem of designing a world state wherein neighbors can live without molestation in collective security?" Coming from one who had been a soldier all his life and had seen war as conducted in the days of the conflict of British and Zulus down to the days which ended 700 years of Moslem domination in the Holy Land, these sentiments in themselves carry a conviction of exceptional force.

SHADES OF LUTHER BURBANK

A NEW TALE OF MIRACLES wrought with vegetables, fruit, and flowers comes out of California. It recalls the wizardry of Luther Burbank. But this time it tells of tomato plants laden with hundreds of perfect tomatoes, growing fifteen feet high out of shallow tanks of liquid nourishment, without soil.

Dreamers have long toyed with the idea of producing food from the laboratory and without toil in the fields. Now Dr. W. F. Cericke, who is Associate Plant Physiologist at the University of California, has been doing something about it. He has experimentally developed a process under which the inherent elements that fertile soils provide for plant growth are placed in shallow tanks or basins. Above is a wire screen covered with excelsior, moss, or straw, in which the seeds are planted and covered with straw, excelsior, or rice hulls. As the seeds sprout, their roots reach down into the liquid culture medium from which they absorb their food.

The liquid in the tanks is heated. The plants grow under natural light and temperature changes, in unheated greenhouses. Outdoor production in the proper season has proven equally successful.

With abundant nourishment, tomato plants have grown so high that the fruit must be picked from stepladders. They are yielding at the rate of 217 tons per acre of tank surface, compared with an average of five tons per acre when grown in the field.

Experts point out that greenhouses and soil cable

and kilowatt-hours and chemicals cost money and that results depend on accurate combining of the ten nutrient elements with heat for the roots, as well as heat and light and air and periods of darkness for the foliage and fruit, in proper proportions.

Those who have observed the results of these experiments have been deeply impressed, however, with the possibility of ultimate vast developments in the scientific propagation of vegetables and flowers for off-season markets.

TAG DAY FOR RECREATION ROOMS

TOMORROW AT THE STREET COR-ners taggers will be on duty to appeal to a generous public for funds to replenish the coffers of the Recreation Rooms so that a little comfort still will be assured hundreds of men in this city who are out of employment. The daily average attendance exceeds 200 and the average monthly cost is \$185; but there is only sufficient cash in hand to meet the expenses incurred during the early part of this month. In view of this fact the necessity for a generous response tomorrow will be apparent. It should be noted, incidentally, that all furniture and equipment, has been donated, while frequent gifts of books of a varied nature have made possible the building up of a comprehensive library. Magazines by the thousand, too, are constantly being sent to the rooms by friends of the institution. Many hundreds of unfortunates are grateful for the existence of this cheery hostel.

SPRING IN OTTAWA

SPRING COMES LATER IN OTTAWA than on this Coast. It comes almost in one day, with a sudden bursting forth of green on Parliament Hill and along Lovers' Walk above the river. It is a sudden and a violent sort of spring and its effect on living things is sudden and violent, too. This effect has been noted in various aspects during the last few days.

It is recorded, for example, that one of the policemen who guard the Parliament Buildings was attracted to a lonely spot on Lovers' Walk by a strange, wailing sound, which he described as resembling a pig in its death agonies. On a bench he found a man playing bagpipes in the silent spring night. It was Mr. Thomas Reid, member of Parliament for New Westminster, sitting there on the bench on Lovers' Walk, in the first evening of spring.

Usually Mr. Reid practices on his bagpipes in his parliamentary office during the dinner recess and his sad music echoing down the long stone halls, while startling to strangers, is part of Ottawa's ordinary routine. Now that the spring has come, however, Mr. Reid has taken his bagpipes outdoors, to Lovers' Walk. Also, he has lubricated the bag with molasses from the United States, because it is cheaper, says he, than Canadian honey, and this has given high protectionists another cause for grave scandal.

The case of Denton Massey, young M.P. for Toronto-Greenwood, is another sign of spring at the capital. The other day Mr. Massey was pronounced by Miss Agnes MacPhail to be the handsomest man in Parliament and when he got home to Toronto last week-end he was deluged with sarcastic notes, pretty presents and mock bouquets of vegetables. "One more crack and I am going to bust wide open," said Mr. Massey, whose speech has not yet been affected by the unctious of parliamentary diction.

Indeed, it must be, though Miss MacPhail probably meant it all in the friendliest spirit. Women just do not understand these things. But there is something warming and pleasant about the spectacle of Mr. Reid driving the lovers from Lovers' Walk with the wail of bagpipes on the still night air, of handsome Mr. Massey receiving bouquets of carrots from his Toronto friends. It shows that spring has come at last to Ottawa after a hard winter and has penetrated even through the tough outer shell of politics. Our politicians have felt its vague stirrings and soon Parliament will be growing restless. Soon the back-bencher's thoughts will turn towards home.

What Other Papers Say

MUNITIONS, A DILEMMA
The Buffalo Evening News

There has been so little popular reaction to the recent majority report of the Senate Munitions Committee that casual observers might be led to believe that the public is not interested. As a matter of fact, the man in the street is confused by the complexities of the problem. He is convinced that the private manufacture of armament have been guilty of reprehensible tactics. He feels that they are veritable "merchants of Mars." Yet he remains dubious about the suggestion advanced by Senator Gerald P. Nye and his cohorts, that the munitions industry be nationalized—that government plants construct all instruments of war except airplanes.

WHY THEY SOAK THE RICH
The Chicago Tribune

New Deal taxes are levied and new tax programmes are developed with two purposes in mind. One is to get spending money. The other is to create a new economic order. Sometimes the two purposes are made plain and at other times the one is not mentioned. When Mr. Roosevelt first proposed soaking the rich the idea was that no matter how the capitalist had earned his money he shouldn't keep it. It should be taken away from him by the government and distributed to other people, thus equalizing the incomes and trimming down the big ones to the size of the little ones.

BRIDGING THE GAP
The Toronto Globe

When it is realized that railway transportation is lacking in this part of the country (the new northern mining area) the value of the air routes becomes apparent. It is not generally known that airplanes in Canada carried more freight last year than those in the rest of the world combined, and that this was accounted for chiefly by requirements of equipment and supplies by mining companies. At the same time more than 85 per cent of the railway tonnage was handled for the mines. Here, apparently, is the way the "wilderness" gap is to be bridged. Northern Ontario is becoming a striking example of how unprofitable railway territory is being turned into a revenue producer.

WARNING!

The Times urges its correspondents to restrict their contributions to 600 words. Henceforth it positively will not print communications which exceed that length.

These letters must be plainly written on one side of the paper only, and must be accompanied by the name and address of the writer, not necessarily for publication but as a guarantee of good faith.

Letters will not be re-written for publication. If they are not legible no attempt will be made to read them.

Letters containing offensive personal reflections will not be printed.

These rules, which henceforth will be carried out absolutely, are designed as much for the protection of our patient readers as for that of The Times.

CAUTION!

The Times will not assume responsibility for the return to the writers of articles sent for publication. The Correspondence Column or anywhere else in this newspaper, whether they are published or not, unless they have been specially solicited.

BATHING SUITS

To the Editor:—Your issue of Tuesday contains an article which mentions "regulation bathing suits." Most bathers wear suits as a matter of course, but most of them are ignorant of regulations concerning them. Let the city make public the regulations.

BATHER.

THE McINNES BROADCAST

To the Editor:—So the Order of the Illuminati has honored itself by admitting to its innermost mysteries that eminent "classless" Mr. Tom McInnes. At least it would seem so, for though his broadcast last Sunday was not particularly illuminating it was very noticeably "illuminated."

He spoke as one inspired, and the source of his inspiration was in no doubt whatever. But why was Mr. McInnes cut off the air so cavalierly before he even had time to say good-night? I suspect the "Bloody Paw of the Red Beast" enthroned at Moscow.

His "illuminated address" must have been extremely gratifying to the "classless" League of Vancouver and its patriotic young disciples in Victoria, to say nothing of the dear old ladies—of both sexes—who look under their beds every night for bombs and Molotovs.

I wonder if the young "Classless" of Victoria will incorporate any part of this "inspired" address in their letters to the press? I doubt it; though it would read somewhat differently to what it sounded.

MISSOURIAN.

Victoria, May 12.

CANADA AND CANADIANS

To the Editor:—Two letters have appeared in your correspondence columns, which are unconsciously very amusing. I refer to hyphenated Canadian's letter (British-Canadian), and that of his twin "young Britisher."

Now, these two persons presume to speak for Canada, and then by their very signatures betray themselves. It is a pity Canada has to tolerate hyphenated citizens. We know what trouble hyphenates have caused our neighbors to the south. And it is time Canada made plain her people are either Canadians or citizens of other countries.

If one of your correspondents thinks a man can be a Christian and imperialist at the same time, let him consider the words of George Ber-

Joseph Rose
Optometrist

1212 Government St. Phone 5 0154

hard Shaw who writes on real Christians, and imperialists, as follows: "People who are shown by their inner light the possibility of a better world based on the demand of the spirit for a nobler and more abundant life, not for themselves at the expense of others, but for everybody, are naturally dreading, and therefore hated by the Have-and-Holders (imperialists)." One thing is certain, imperialism has no place in Canada.

MAY 11.

BRITISH COLONIZATION—AND ITALIAN

To the Editor:—Your correspondent, "Curious," asks "if it is all right for Britain to invade Africa, why isn't it all right for Mussolini to do the same?"

Mussolini hasn't done "the same." That is the first answer; he has done something different, in a totally different way, and judging from the immense differences between his political views, his aims, methods and results, and those of Britain in her colonial enterprises, none will suggest that his window-dressing cry of "bringing civilization to Ethiopia" is being validly justified in his acts.

In his efforts to whitewash his breach of faith and his defiance of modern democracy, Mussolini has tried to convince the world of a parallel between his present occupation and those of other lands in bygone days; but this challenge has been taken up in an admirable article, "British Colonies—and Italian," by Walter Allayne Ireland, in The Christian Science Monitor (weekly magazine section) for September 25, 1935, in which he points out, first, that the fact of Italy's signature to the League of Nations covenant and the Kellogg-Briand Pact, provides a legal basis for international objection to Mussolini's violation of an international pledge.

But that is not the only answer to the perplexity felt by many besides "Curious." The essential difference between Italy's Ethiopian crime and the colonization projects and achievements of France, Britain and Holland, in their time, lie in the fact that Italy's method is "the marking down of a desirable victim, organizing an invasion, seizing the coveted territory and detroning the dynasty," says Mr. Ireland; whereas we had but the single purpose of legitimate trade without conquest or possession, and "official instructions" (to explorers and traders) "were full of warnings against the danger and expense of incurring any responsibilities beyond those essential to the protection of trade," explicitly deprecating "any resort to arms." How do Mussolini's aims and methods compare with those?

Moreover, our endeavor was to support the dynasties we found in being, and only, in fact, where local dissensions impeded progress for all, and forced us to take sides with a disputant according to our best judgment of the right, did we—fighting alongside native troops—achieve joint victories, being awarded, as wages for such decisive help, a limited suzerainty, or administrative control, solely for maintaining peace and protecting trade expansion. We certainly have made mistakes, chiefly owing to the distances of former days and the necessity for instant and independent decision on the part of our representatives; or to the only partially informed views of the home government; but the difference between Britain's calm protective policing and Italy's blustering, brutal terrorism, is surely patent, and the solid fact that Ethiopia, France and Britain were ready to concede economic privileges to Mussolini by peaceful negotiations (just as Britain, at any rate, has always been ready to return conquered territory under right conditions), destroys the last shred of Mussolini's thin camouflage of self-justification, just as his proclamation of a New Roman Empire, based on lust, cruelty and a broken oath, reveals the full nakedness of his dishonor.

PSYCHOLOGIST WANTED

Vancouver, May 15 (Canadian Press).—A resolution urging appointment of a psychologist to the British Columbia public health traveling clinic was passed by the Fraser Valley School Trustees' Association this week. The resolution was submitted to a meeting of the association at Camble, Lulu Island, by the Vancouver Local Council of Women.

He Spent \$200 Before He Found Way to End STOMACH TROUBLE

Read the experience of Mr. W. T. Currie—
"I had spent over \$200 on all sorts of medicines to gain relief," he writes. "I had just come back from the Yukon and Alaska, intending to have my stomach X-rayed. I was strongly advised to try Maclean Brand Stomach Powder. I found relief in just one bottle."

In your search for relief, you can turn to this great English stomach remedy with assured confidence. Maclean Brand Stomach Powder is a scientific preparation made from a formula recommended by doctors and widely used in English hospitals. Every day, this soothing, healing powder is giving healthy stomachs and digestive systems to sufferers from indigestion, gastritis, heartburn, flatulence, acidity, dyspepsia and other bad stomach troubles.

But beware of substitutes. Only the genuine Maclean Brand carries the signature "ALEX. C. MACLEAN" on both bottle and carton. Look for this signature. At druggists, in powder or tablets, (never sold loose)—75c. Distributors, Rigo Agencies, Vancouver.

PLAYER NEGLECTS TRUMP

Declarer, Eager to Drop Loser on Established Trick, Fails to Pick Up Control Suit, and Is Set

By WM. E. MCKENNEY

High cards often prove a bit confusing to the average player. For example, in today's hand declarer should have no trouble in making his contract of three clubs, and you know that in rubber bridge overtricks mean little or nothing. Therefore, your first duty is to make your contract.

Declarer lost his contract, however, because he tried to cash his king and queen of spades before picking up the trump.

Today's Contract Problem

South is playing the contract at four spades. Assuming that East, after winning the first spade lead, decides to return a diamond instead of a heart, can the contract be made?

Solution in next issue.

SOLUTION TO PREVIOUS CONTRACT PROBLEM

The opening diamond lead was won by declarer with the ace, and the king and queen of spades cashed immediately, as declarer had hoped to be able to discard his losing diamonds on dummy's ace and jack of spades.

At this point a small club was led and declarer finessed the jack. South

won with the queen of clubs and then cashed the king and queen of diamonds, North discarding a small heart.

South then led the ten of diamonds, declarer discarded the six of hearts, and North trumped with the king of clubs, forcing dummy to overtrump with the ace.

Declarer returned the ace of spades, hoping to discard one of his hearts. But South trumped with the deuce of clubs and forced declarer to overtrump with the five. Now the declarer could not avoid losing two heart tricks.

The contract could have been made easily if, upon winning the first trick with the ace of diamonds, the club finesse had been taken immediately. Then there would have been no chance of getting into trouble on this hand.

Sooke

The Boy Scout committee gave an auction bridge party and court whist in the Sooke Community Hall on Wednesday evening with twelve tables in play. The prize winners: Bridge, first, Mrs. D. W. Ferguson and H. Brown; consolation, Mrs. P. Rumsby and H. Page; court whist, first, Mrs. F. Gray and Mrs. C. Williams; consolation, Mrs. E. J. Syrett and Mrs. R. Piton. Refreshments were served by the committee.

At the general monthly meeting of the Women's Auxiliary of Holy Trinity Church, at the home of Mrs. J. P. Noury on Wednesday afternoon, it was decided to hold a garden party at "The Bluff," the home of Col. and Mrs. C. V. Osborn, on June 17.

Under the auspices of the dance committee of the Sooke Community

STUDENT LIFE PLAY THEME

Some Good Work in Little Theatre's Production of "The Wind and the Rain"

By M. A.

The Victoria Little Theatre Association yesterday evening presented the three-act, six-scene "The Wind and the Rain," by Merton Hodge. The play is based on the life of medical students at a widely known Scottish university.

Its production was noteworthy for the fine work of Christine MacNab as the little Scottish woman who keeps, apparently in perpetuity, a boarding house for medical students. It was also noteworthy because it provided the occasion for the debut in senior amateur theatricals of a very personable young woman by the name of Irene Williams, who seems instinctively to know how to handle herself on the stage. She was on only a few minutes in this play, but she gave the audience everything that was in her lines.

Miss Williams played the part of Association a practice of Scottish dances will be held in the Sooke Community Hall next Monday at 8:30 o'clock.

The Women's Auxiliary to the Sooke branch of the Canadian Legion will hold a silver tea and sale of home-cooking in the Sooke Community Hall on Wednesday, May 20, commencing at 8 o'clock.

Jill Manning, brought up almost as a sister in London with Charles Trent. Charles becomes a medical student and the audience meets him as he arrives as a freshman at the boarding house for his first time away from Jill and his mother.

It had just been always assumed in the family that he and Jill would eventually marry. But at the medical school Charles feels the need of the consolation and inspiration of a girl. By accident he meets Anne Hargreaves, an art student from New Zealand, who had been the chum of some of the other medical students. Anne becomes his mistress for the duration of the college years.

The play flashes the developments through the college years. The difficulty comes with medical graduation which brings Charles and Anne to the agreed upon end of their association which had been so vital to each. Anne assures Charles she is returning to New Zealand to become conventional and wed the man waiting for her back home. Their farewell is cut short by a call from London for Charles to rush there to his sick mother's bedside. After his mother's death, however, Charles does not stay in London, but comes north to take an internship in the hospital in the university town. He had thought Anne had gone, as she had persisted in arguing that she must not stand in the way of his career, and that she had her own make. To his surprise he finds her still there and the two are united in the living-room of the Scottish medical students' boarding house where they had first met by accident.

William Findlay played the part of Charles intelligently and Verna Beck was the good-looking Anne. She, however, as presented, was not just the inspiring person called for as the inspirational and motivating factor in the plot. The climactical reunion of the two just before the final curtain and their decision to go it together for life was unfortunately done woodenly and unconvincingly, in a way that sent the audience away with a final feeling of let-down and disappointment after much interesting interpretation during the course of the play.

Harry Eke was happy in the role of the happy-go-lucky medical student, Gilbert Raymond, who is limited in his ability to absorb medical knowledge, but has no limit on the variety of his amatory adventures. His college student philosophy of "never taking your women too seriously," contrasts with that of Charles, who exemplifies the other extreme.

C. A. Gibbard, who is always a competent actor, was the French-accented Dr. Paul Duhamel. Ritchie Gatehouse did a good job as John Williams, another medical student in the house. Archie McCorkindale played Roger Cole, the sophisticated London about-town boy, whom the pleasure-loving and right-headed Jill picked up after Charles went to Scotland to study. He trips away with Jill to Paris and then they tour north through England and drop in to visit Charles at his boarding-house. Returning from a college dance they find Charles late at night alone with Anne, which enlightens Jill on the fact that she and Charles are no longer destined to marry.

Harold Gelling came on the stage in the last scene as Peter Morgan, another young "FRESHMAN," finding his boarding-house and beginning his student career just as Charles had five years before. He turned in a performance of this short part that was distinctive and one of the most pleasing things of the evening.

During the whole of the play water could be heard and seen dripping down the stage window, arranged by Leo Marston, as stage carpenter, and Boyd McGill, as scenic artist. It was so realistic that members of the audience on going out were surprised to find it a fine Victoria summer evening.

Archie McCorkindale directed the production and Leslie P. Lamb was production manager. Sheila Conway, Chris Miller and Bert Botten played an appreciated programme of music between the acts.

The Memorial Hall was used for yesterday evening's production. It was well filled, but those who found their seats in the back half of the auditorium had some difficulty in hearing. They also had much difficulty in seeing as the Memorial Hall stage is set too low for 100 per cent visibility.

Beauty Contest For Club Event

Kinsman Club Seeks Additional Entries For Competition May 25

Several entries have already been received, but more are required for the Kinsman Club's beauty contest, which will be held in the Crystal Garden on May 25, officials of the "Kinsman Community Carnival" announced at yesterday evening's meeting of the club in the Empress Hotel.

Entries may be made at the Crystal Garden or at Morris Kersey's coffee shop on Port Street. First prize will be \$15 in cash and other attractive awards, donated by local concerns, will be distributed among other candidates.

A public address system will be installed for the event, and the winner will be decided by public applause. The carnival will include a regular midway, with games and other attractions. Final details will be arranged at a meeting of committeemen on May 21.

Don McDiarmid, Dr. Robert Rodwell and William Williams were initiated at yesterday evening's meeting.

Queen Elizabeth had more than 5,000 dresses in her wardrobe when she died.

The sun is constantly losing weight.

Learn What The World Is Doing For You

STARTING CAUSES
3/4 OF YOUR
ENGINE'S WEAR

THE INSTANT YOU STEP ON THE STARTER—over 100 metal parts inside your motor start moving. Unless your oil flows quickly—instantly—to all these vital spots, the parts run "dry" of oil and serious wear results!

IT IS EASY TO MAKE A "TOUGH" OIL merely for high speeds and high heat—or a FAST-FLOWING oil merely for quick starting. The problem has been to combine BOTH of these important qualities in the same oil.

One Start can cause more engine wear than a 2-mile-a-minute Grind

This new Fast-Flowing Oil reduces strain of today's "Stop-and-Go" driving

THE average driver starts his engine over 3500 times a year!

The "strain" of starting is far greater than before. Pistons travel up and down in cylinders twice as fast . . . separated from the cylinders by only 1/2000 of an inch.

The starting period, automotive engineers say, can cause approximately three-fourths of engine wear.

To meet this new driving problem, Shell engineers have developed a new oil at a cost of \$3,000,000.

The new Golden Shell Oil is FAST-FLOWING, yet TOUGH.

It flows instantly in starting—even on the coldest days. Yet under intense motor heat, the new Golden Shell holds its body and resists breaking

down into sludge and carbon!

It is possible for the recommended grade of the new Golden Shell to:

1. Add a year to the life of your engine!
2. SAVE you up to 50% of your engine repairs. (Many repairs can cost from \$10 to \$100.)
3. SAVE you a gallon of gasoline in every tankful. (The "drag" of an oil that is too heavy can waste over 5% of your power.)

The new Golden Shell Motor Oil is on sale today at over 30,000 neighborly Shell stations from Coast to Coast.

ANDREWS LIVER SALT

The Largest Selling Saline in the British Empire

Tenders Accepted

Canadian Press
Ottawa, May 15.—The Bank of Canada announced today on behalf of Finance Minister Dunning acceptance of tenders for \$20,000,000 in Dominion treasury bills due August 15. The average discount price was \$99.77462 and the average yield .896 per cent.

BANK OF CANADA STATEMENT

Ottawa, May 15 (Canadian Press).—An increase of \$5,468,994 was shown in deposits by the Dominion Government with the Bank of Canada in the week ended May 13 compared with the previous week, according to the weekly statement of the bank issued today.

In the same period deposits by chartered banks declined by \$11,462,235.

Greeted On Completion of Atlantic Round-trip

At Frankfurt-on-Main, Germany, today is the giant new Zeppelin Hindenburg, shown above as seen from beneath. The flight from Lakehurst, N.J., set a new record. Dr. Hugo Eckener, upper left, president of the Zeppelin Company, made the flight. Capt. E. Lehmann, lower right, was in command of the airship.

Stamp News

By I. S. Klein

Serious talk of a proposed new issue of United States postage stamps has been partially confirmed by President Roosevelt. The president revealed that the postoffice department has been considering a series of stamps honoring American army and navy heroes, and possibly including illustrations of West Point and Annapolis.

Whether these will replace the current series, which came out in 1922-23, or whether an additional issue will be produced to replace the existing stamps, is still in doubt. Even the subjects for the army and navy issue are hard to decide because of the variety of suggestions that have come in. Among these are requests

for stamps honoring John Paul Jones, Lafayette, John Barry, and Robert E. Lee.

The army and navy set, President Roosevelt disclosed, had been under discussion ever since the days of Theodore Roosevelt. It may be several months before the set will appear.

Uncle Sam won't lose a cent of the costs entailed in printing the stamps that were to be issued to farmers who held their potato crops to certain limits, before the supreme court declared the AAA unconstitutional. The "potato tax" stamps now are being gobbled up by collectors at face value—a total of \$5.18. The stamps may be obtained from the Bureau of Internal Revenue at Jacksonville, Fla., or Washington, D.C.

The 50-cent Graf Zeppelin stamp now is being offered at from \$2 to \$2.50, superb, and from \$1.50 to \$1.75 used. An unused sheet of fifty recently brought \$442, or \$2.21 a stamp. (Copyright, 1936, NEA Service Inc.)

MANY GAS MASKS FOR THE BRITISH

London, May 15.—Geoffrey Lloyd, under-secretary of the Home Office, yesterday announced the British government was planning to produce 30,000,000 gas masks to safeguard civilians against any type of gas in war time.

He told questioners in the House of Commons the final design for the respirators had not been decided on, but assured the members they would be of British manufacture.

BUT I'M 31...
I'll never
get married now!

FRANCES WAS WRONG—A FRIENDLY HINT HELPED HER WIN ROMANCE

Remove perspiration odour—save colours with

FRAN
TOOK
BETH'S
HINT
AND
NOW

Avoid Offending!

Many girls lose out on friendship, romance, happiness—because of one shocking, unforgivable fault... perspiration odour in underthings.

Play safe, as popular girls do—Lux underthings after each wearing. Lux takes away perspiration odour, yet keeps colours like new. Lux has no harmful alkali as ordinary soaps often have—saves delicate fabrics from injurious cake-soap rubbing. Safe in water, safe in Lux!

Twenty-five Years Ago To-day

MAY 15, 1911
(From The Times Files)

Jailor H. W. Shepherd, the oldest member of the local police force, celebrated his seventy-sixth birthday yesterday. He first entered the service here in 1884 and has been in it for thirty-five years in all. He received congratulations from his fellow officers on Saturday.

A mass meeting of wage-workers was held in the Crystal Theatre last night to protest against the arrest of Macnamara in connection with the Los Angeles explosion.

An adding machine and cash register have been secured by the city for the waterworks department.

Suspensions are entertained by the authorities that someone is setting poison for dogs. On Saturday morning a dog belonging to Q. D. H. Warden dug up a poisoned biscuit from the bushes in Beacon Hill Park. Reports have also come to the police lately of cases where dogs have been poisoned.

In Saturday's ball game between Victoria and Spokane the use of the pinch-hitter was clearly demonstrated, for, although Cartwright fanned on his initial appearance at bat, on the second occasion he tapped out a clean single, bringing in the lonely run and winning the game for the Spokane Indians 1 to 0.

With several right uppercuts Joe Bayley sent Mike Rafferty staggering around the ring in their fight Saturday, which was scheduled to go fifteen rounds. When the boys entered the ring in the fifth, Rafferty was still panting while Joe was as fresh as a daisy. Rafferty fled from the floor when he saw Joe coming in at the beginning of the round with murderous intent.

STUDEBAKER BUSINESS UP

Walkerville, Ont., May 15. — The Studebaker Corporation earned \$104,654.68 in the first quarter of 1936, according to a statement released by M. S. Brooks, vice-president and general manager of the Studebaker Corporation of Canada Limited. In a special report received from Paul G. Hoffman, president of the United States company, Mr. Brooks further revealed that net working capital increased during the quarter \$979,346—from \$5,768,596 on December 31, to \$7,737,932 on March 31.

Net sales for the quarter totaled \$15,738,737, compared with \$33,837,892 for the period March 9 to December 31, 1935.

Sale figures in Canada continue to soar as the 1936 Studebaker passenger cars and trucks gain rapidly in popularity. Factory shipments for April were 46 per cent ahead of April, 1935. Total shipments of all 1936 models since their introduction were over 42 per cent greater than sales of the 1935 models during the similar period.

Explosions are heard 100 miles away, while there are large areas of inaudibility much nearer the source of sound. These "zones of silence" are produced by atmospheric conditions.

Metchosin

Miss Peggy Higgs, who has been a student at the University of B.C., has returned to the home of her parents, Mr. and Mrs. F. F. Higgs, "Daisy Farm."

Miss Peggy Brown of England is the guest of Mr. and Mrs. H. S. Jordan "Kenwick" and is renewing old acquaintanceship after an absence of twelve years.

The Metchosin Tennis Club will open the season on Saturday afternoon next. Both courts have recently been resurfaced and are in excellent condition.

The Rt. Rev. H. E. Sexton, Bishop-Coadjutor of Columbia, will hold a confirmation service at 11 o'clock on Sunday morning at St. Mary's Church.

Mr. and Mrs. D. Hunter Miller, Washington, D.C., have taken up their residence at Craiglands for the summer months.

Vance Breese was paid \$8,000 for flying three miles. In testing a plane for the government, he dived from a height of 20,000 feet to 4,000 feet.

CHANGE SIDNEY FIRE BRIGADE

Sidney, May 15.—The fire protection committee of the Sidney Businessmen's Association has called a meeting for next Monday, in the mill office, Bescon Avenue, Sidney, for the purpose of inaugurating a more democratic system of handling the fire brigade.

The meeting will be open to all men of North Saanich over the age of nineteen years who are interested

sufficiently to become efficient firemen by attending classes of instruction to be arranged shortly. There will be no remuneration for becoming a member, same being entirely voluntary, and any man becoming a member is expected to undertake it as a duty and for the service he can render to himself and his community.

When an enemy approaches, the puffer fish swells up like a balloon, thus making himself too large to be swallowed. When in this condition, he floats upside down on the water's surface.

A JELLY DESSERT

MADE BY THE
SHIRRIFF'S MARMALADES

ST. MARK'S A.Y.P.A.

St. Mark's A.Y.P.A. dance committee are making a great effort Wednesday, May 20, a success. Arrangements have been made to have to make the flannel dance next novelty dances and prizes will be given. There will be a good orchestra to dance to and refreshments will be served.

Navy League Chapter — The monthly meeting of the Navy League Chapter L.O.D.E. will be held on Monday evening, at 7:45 o'clock at the headquarters, Union Building.

Try adding a little lemon juice to whipping cream. It will whip easier. Moist cornmeal first with cold water before adding to boiling water and it will not lump.

Social and Personal

Mrs. Herbert Wilson and Miss Gladys Irving have been spending a couple of days in Seattle.

The many friends of Mrs. T. J. Buckley, 2415 Fernwood Road, will be sorry to hear she is a patient in the Jubilee Hospital.

Mr. V. G. Pinhorn, who graduated from U.B.C. last week, has left for England, where he will spend some months.

Col. G. C. Audain arrived on the Aorangi yesterday evening on a visit to Mrs. James Dunsinuir at Hatley Park.

Miss Ditsy Bennett of Seattle, formerly of Victoria, has chosen May 30 for the date of her wedding to Mr. Alexander Laing of New Hampshire.

Rev. T. O. Griffiths, St. Aidan's, went over to Vancouver yesterday evening to join Mrs. Griffiths, who has been spending a few days there.

Mrs. C. J. Carey has returned to her home in Victoria after spending the past month visiting with her daughter and son-in-law, Mr. and Mrs. W. J. Etheridge, Vancouver.

Mr. and Mrs. E. C. Poggate have returned to Victoria and are again resident at The Angela after spending the winter months in California and Florida.

Brigadier-General D. W. Spry of Calgary and Mrs. Spry have been spending a few days here as guests at The Angela and have left on a trip to California.

Mrs. A. W. McCurdy of The Malahat and Miss Evelyn Harper, daughter of Dr. and Mrs. W. E. Harper, Little Saanich Mountain, returned to Victoria on the Aorangi yesterday evening after a holiday trip to Honolulu.

Miss Betty Kyle entertained members of her bridge club yesterday evening, at her home on Calumet Avenue, when the first prize was won by Miss Celia Gort and Miss Doris Minty was awarded the consolation prize. Miss Ellen O'Connell assisted the hostess in serving the refreshments. Those playing were: Misses Mary Gort, Doris Minty, Celia Gort, Ellen O'Connell, Phyllis Elliot, Betty Kyle, Kay Mothershead and Eleanor Vantricht. The next meeting will be held at the home of Miss Kay Mothershead.

Miss Kate Brown and Miss W. Ellis were the joint hostesses at the weekly social held in the Business and Professional Women's clubrooms, yesterday evening. An enjoyable evening was spent and refreshments were served by the hostesses.

Mrs. C. H. Willis, Crescent Road, who has been spending a few days in Vancouver with her aunt, Mrs. W. H. Armstrong, has returned to her home here. Mrs. W. H. Armstrong of Vancouver will come over to Victoria tomorrow on a visit to her sister, Mrs. F. W. Vincent, Crescent Road.

Mrs. C. Cundill and Miss Joan Cundill, formerly of Anyox, who have been spending the last year in Victoria, went over to the mainland this afternoon and will make their home in West Vancouver. Mr. C. Cundill and his son, Mr. Jerry Cundill, preceded them to the mainland Tuesday evening.

In compliment to the executive of the Women's Canadian Club and the members of past executive, Mrs. Norman Baker entertained at the tea hour this afternoon at her home on Monterey Avenue. The tea table, decorated with gay African daisies, and illuminated with yellow candles in silver candelabra was presided over by Mrs. S. J. Willis, president of the Women's Canadian Club, and by Mrs. A. E. Carmichael, past president.

Mrs. W. R. Stone, Sea Terrace, will leave Victoria toward the end of this month for Vancouver, from where she will sail on May 27 on the Danish liner Europa for England via the Panama Canal. She will make an extended visit in Great Britain and on the continent, and expect to return to Victoria about the beginning of next year. In complimentary farewell to Mrs. Stone, Mrs. A. E. Routier entertained at the tea hour yesterday afternoon at her home at Work Point Barracks.

Among the guests registered at the Dominion Hotel are Mr. K. Grant, Vancouver; Mr. G. E. McMurray, Westminster; Mr. E. W. Watt, Vancouver; Mr. P. R. Watt, Vancouver; Mr. H. V. Raymond, Toronto; Mr. N. D. Armstrong, Vancouver; Mr. H. S. Johnston, Vancouver; Mr. E. S. Benson, Seattle; Mr. Roy Tompkins, Winnipeg; Mr. J. B. Love, Vancouver; Mr. and Mrs. V. E. Moser, Milwaukee; Mr. L. Williams, Vancouver; Mr. Benoit Turner, Banfield; Mrs. P. Wellburn, Sooke Lake; Mrs. C. G. Banner and sons, Victoria; Mr. McCulloch, Penticton; Mr. L. Lightstone, Mr. G. H. Holgate, Mr. S. C. Davis and Mr. J. Cooper, all of Vancouver.

The Misses Pearl and Gladys Phillips were joint hostesses at a shower given at the home of their parents, 2593 Cook Street, in honor of Miss Dorothy Bernham, whose marriage to Mr. Ernest Frensis Jr. will take place shortly. The guest of honor received some useful gifts which were presented to her in a prettily decorated box by little Gwendolyn Phillips. Refreshments were later served from a table centred with a bowl of tulips and narcissi. The invited guests included Miss Dorothy Bernham, Mrs. D. Lawrence, Mrs. J. T. Jones, Mrs. M. Phillips, and the Misses Mary McColl, Jean Earl, Dora Gascogne, Elsie Clarke, Kathleen Oakley, Pearl and Gladys Phillips.

The members of the Oak Bay United Choir, with their wives and husbands, were entertained at the home of Mr. J. W. Holmes on Tuesday and Wednesday evenings, May 12 and 13. A very enjoyable social time was spent. After a period of cards, and the presentation of some dainty and useful prizes to the winners, refreshments were served. Mr. Holmes has been a consistent supporter of the choir for many years, and as a small token of appreciation of his interest the members took occasion to present him with a pipe and case. Some musical items were given. The invitation was extended to the two evenings in order that all the members might be possible to accept Mr. Holmes's hospitality.

Mrs. G. H. Sedger, who will leave on May 28 for a holiday trip to Scotland was the guest of honor at a farewell dinner given in her honor at the yesterday evening by the bridge club of which she is a member. The table was centred with a beautiful bouquet of pink carnations which later presented to the guest of honor. After dinner the party adjourned to the home of Mrs. Jack Trace, 1718 Leighton Road, where bridge was played. The prize-winners being Mrs. Percy V. Ford, Mrs. A. Houston, and Mrs. G. R. Fleming. Those present were Mrs. Sedger, Mrs. P. V. Ford, Mrs. G. R. Fleming, Mrs. W. H. Richards, Mrs. Dillie Clarke, Mrs. H. Breuen, Mrs. A. Houston, Mrs. J. B. Hartley, Mrs. C. H. Cross, Mrs. P. A. Hole, Mrs. M. Kinley, Mrs. S. Horsford and Mrs. Trace.

Mrs. James Zwinger entertained at her home on Crescent Road, Wednesday evening in honor of Mrs. Nancy Stark, whose marriage to Dr. D. A. Jacquith of Tacoma will take place next week. The color scheme was carried out in mauve and yellow, the gifts being arranged beneath a miniature bride seated on a large silver wedding ring. The evening was spent in games, prizes being won by Miss V. Stark and Mrs. L. Abbott, after which a buffet supper was served. The invited guests were: Mrs. W. Stark, Mrs. P. R. Blakie, Mrs. Hector McPadyen, Mrs. J. Price, Mrs. Ryves, Mrs. L. Abbott, Miss N. Stark, Miss I. Deakin, Miss O. Abbott, Miss A. Clarke, Miss J. Stark, Miss P. Ryves and Miss D. Thomas.

Miss M. Collins and Miss M. Burnett were joint hostesses at a miscellaneous shower given at the home

News of Clubwomen

Lodge Social — Loyal True Blues, Capital City, No. 308, Loyal True Blues, will hold a social in the Orange Hall this evening at 8 o'clock, which will take the form of a "goofy party." Members are reminded to bring refreshments.

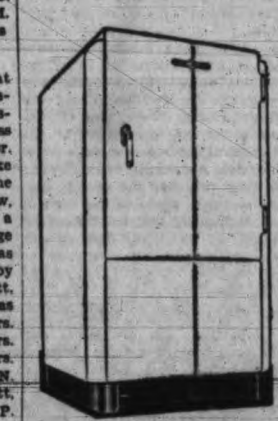

Royal Bride Chapter — The regular monthly meeting of the Royal Bride Chapter, L.O.D.E., will be held at headquarters, Union Building, on Saturday, May 16, at 2:30 p.m. A large attendance of members is requested as important matters will be discussed.

Tuckabatchee Club — The May meeting of the Tuckabatchee Club of the First Baptist Church was held on Tuesday evening at the home of Mrs. O. M. Brown, Lansdowne Road. The president, Miss Nora Gibson, presided over the business session, followed by a brief devotional period, led by Miss Veronica Stevenson. A pianoforte solo

was rendered by Miss Florence Phillips, A.T.C.M. Mrs. Nellie McCullough, guest speaker, told of some very interesting events in her early life, also reviewing a number of her short stories. The meeting was brought to a close after the serving of refreshments by the social committee.

Junior Catholic League — An interesting meeting of the Junior Catholic Women's League was held at the home of Miss Mona Doyle Tuesday evening. Miss O'Brien and Mrs. W. McManus paid their annual visit to the Juniors. Miss O'Brien spoke on "The Importance of Organization in the League," and Mrs. W. McManus, the present organizer, gave very helpful suggestions. The members were thanked for their help at the bazaar at St. Ann's Academy and Fr. Albury thanked them for assisting at the tea which was held after the opening of the Sacred Heart Church at Lake Hill. The Junior League is taking charge of the candy stall at the bazaar in aid of St. Louis College on June 4 in the K. of P. Hall. The annual membership and silver tea will be held on Sunday, May 17 at the home of Miss Louise Michaux, 528 Trutch Street, from 3 to 6 o'clock. The attendance prize was won by E. Nesbitt. The meeting then adjourned, after which refreshments were served by the hostess.

LIKE REFRIGERATORS? —then see the two in the G.E. "Kitchen Coach"

You can get General Electric Refrigerators at B.C. Electric Stores for as little as \$133

A General Electric "Monitor Top" Refrigerator... and one of the new G.E. "streamlined" models, shown to perfection in the latest all-electric kitchen we have ever seen... so attractive, indeed, that lots of people have come a second time, saying, "I HAD to see it again!" Stationed in front of our Douglas Street Store, the coach is open for your inspection from 7:30 till 10 o'clock this evening, and from 10:30 in the morning to 10:00 tomorrow night. Be sure to pay a visit.

Any Time is Tea Time

TEA

GORGEOUS

BY LAURA LOU BROOKMAN

CHAPTER XXIII

It was the letter from Jonah Ruckelberry that was responsible. The sheet of pink notepaper lay on the table where Toby had dropped it and she saw it as she crossed the room to lower the window blind.

The morning sun had reached a point where its rays shone into the room with dazzling brilliance. Toby lowered the blind and went back to theavenport. Orange sticks, butter and a tiny bottle of pink liquid were spread out before her on the coffee table. She picked up the butter and set to work industriously on her nails.

Harriet, in pyjamas and lounging robe, was curled up, almost concealed by the morning newspaper, in the biggest chair in the room.

Presently Toby said, "Harriet—yes."

"Harriet, what's it like to be proposed to?"

The newspaper crinkled and lowered so that Harriet's face appeared over the edge. "What's it like to be proposed to?" she repeated. "Hasn't anyone ever proposed to you, Toby?"

The other girl shook her head. "Nobody," she said, and then she smiled, "except Jonas Ruckelberry."

"So that was your first proposal. Well, that's something," Harriet dropped the newspaper. She went on thoughtfully, "If you're in love with a man and he asks you to marry him, you probably were pretty sure beforehand that he was going to. So there really isn't any surprise about it."

"There was one boy, a crazy kid, who wanted me to run off and elope with him when we were in school. And then there was another—I think he would have asked me to marry him, only he found out I didn't like him well enough."

"But what was it like when Clyde asked you?"

Harriet slipped clasped hands about one knee. "He just asked me," there was a pause. Then she said, "Toby, you like Clyde, don't you?"

"Why, of course I do."

She had tried to like him. She wouldn't for the world let Harriet know that, though she had seen him several times, she had never been able to overcome that first impression of being uneasy when Clyde Sabin was about.

"I'm glad," Harriet said. "I've been wanting to talk to you about Clyde, but I decided to wait until you knew him. Otherwise you might not understand." She hesitated, then went on, "Maybe you thought it was queer putting off getting married."

Toby had thought it was queer, but she said quickly, "But lots of people do that, Harriet."

"Yes, I know—but not for the same reason. You see, Clyde and I can't be married—because he is married now."

She went on, before the other could speak. He's been separated from his wife for years. It was a long time ago they were married. Clyde was only a boy. They soon found out they couldn't get along, so they agreed to separate. They didn't get a divorce because he didn't care anything about it at first and then, later, when she thought he wanted it, she refused. But now everything's going to be all right. She wants a divorce, too, and she's already started the suit. A man always has to let the woman get it, you know, even though the trouble was her fault."

"Then—you're going to marry him?"

Harriet nodded. "Just as soon as he's free," she said. "Lots of people would think it was dreadful to be going around with a married man, but you see how it is, don't you, Toby?"

"Yes, I see—Perhaps Clyde Sabin was all right. Toby hoped sincerely that he was."

It was going to be harder. "But maybe I'm wrong about him," she argued. "Maybe I don't know him well enough to appreciate his good qualities."

She had to go to have some test photographs made that afternoon. Color photographs. Toby didn't know anything about them, except that Sally had called from the Model League office and told her that if the tests were good she might land an excellent job. Even if she didn't get the job, she would be paid for the tests and the rate for posing for color photography was higher than for black and white.

Duraya was the photographer. Toby had never been in his studio and she approached it hesitantly, for Duraya was famous. Duraya made the handsome photographs—always signed—that appeared in the most expensive magazines. In color photography he was a pioneer. Duraya, more than any of the other celebrated photographers, had been declared an artist.

But, when she met him, he was not in the least formidable. He was short, and rather stout and wore spectacles, reminding Toby of the baker from whom she had often bought bread when she and her aunt lived in Jackson Heights.

Duraya studied her through his spectacles and said, "Well, we'll see. The hair is very good—"

"They told me you wanted to make tests," Toby said. "I didn't bring another dress. Will this do?"

She was wearing the blue suit Harriet persuaded her to buy a month before—a slim, youthful suit without the slightest bit of trimming and her blouse was white with a full down the front.

Duraya nodded slowly. "It will be all right."

He told her to put on makeup as she would for the street, being very careful not to use even a shade too much.

She came back from the dressing-room to the high-ceilinged studio—a more elaborate studio than she had seen before. At one end were screens, frames, cables, gigantic lights and a switchboard. The camera was on a platform.

Duraya had placed a red chair before a bright blue screen. "Here," he said. "Sit here."

She posed for an hour and a half and Duraya made two pictures. She had never seen anything like the painstaking attention he gave to details. Duraya was like a scientist in a laboratory. He changed lights, the angle of the camera and her pose a dozen different times. Finally the pictures were made.

Duraya said, "You'll hear from the Model League if we need you again" and Toby nodded and went back to the dressing-room to get her hat.

She opened the door and let out a little exclamation. She had expected the room to be empty. Instead, a tall, slender girl in an amazing gown of white and flame stood before the mirror. It was an evening gown, daring in its lines as well as its fabric.

Toby said, "Oh, excuse me," and the girl turned. It was Carol Marsh. For an instant she eyed Toby. Then she said, "Hello." She said it in a way that was more of a direct cut, Toby thought, than if she had not looked at all.

"Hello," said Toby, and gathered up her gloves and makeup kit. She pulled on her hat without even a glance into the mirror and hurried away.

Out on the street she breathed a deep sigh. She had liked working with Duraya and had hoped the tests would be good enough to win the job. But what chance would she have against Carol Marsh? That, undoubtedly, was why Carol was there. Sally had said several other girls were going to make tests. Carol, in that flame and white creation, made Toby look like Cinderella before the ball. Carol would be the one chosen.

It was a pleasant afternoon and Toby decided to walk. She had gone half a block when a shop window halted her. It was a window filled with bright-colored sport clothes. Toby eyed one dress in particular, a white dress with a tummy green jacket and a yellow scarf. It was a style that would be becoming to her and she liked the colors.

Suddenly she became aware that a man was watching her. He was a man she had never seen before—rather shabbily dressed, wearing a dark hat, a girl as pretty as Toby in costume, to having men look at her, and knew exactly how to discourage them, but this one made her uncomfortable. She moved away, walking rather swiftly until she reached the corner. Then she turned her head, ever so slightly, and looked back.

The man was following, not a dozen steps away.

(To Be Continued)

About 85 per cent of the world's nickel supply is obtained in the vicinity of Sudbury, Ont., Canada.

V.A.C. and Silent Glows Win Softball Openers; Schedules Out

Former Put On Fine Display to Beat Brunson's

THE SPORTS MIRROR

By PETE BALLAWAY

HIGH SCHOOLS, the training grounds for much of British Columbia's best rugby material, may anticipate a break superior to any they have been given in recent history when next year's rugby season rolls around, according to word from H. J. Ketchum, treasurer of the British Columbia Rugby Union, and president of the Canadian body.

The British Columbia organization has appointed Dave Carey, stand-off half for last year's University of British Columbia rugby team and a former star with the North Shore All-Blacks to negotiate a well here of a British public schools representative team next Christmas.

Carey has been chosen to play with the Canadian cricket team which will leave here in two or three weeks for a tour of Great Britain this summer. When he enlists he will be equipped with powers to act as emissary-extraordinary for the provincial union in attempting to arrange the visit.

Provincial rugby figures conversant with the plan were optimistic over its success. They agreed such a trip by British public school boys would be of great educational value to the Britishers, whom they were prepared to billet in private homes during the proposed sojourn in this part of Canada.

Should the Britishers prove too strong for the Victoria and Vancouver high schools, the suggestion was advanced that they would be played against senior and possibly rep teams here and on the mainland.

The proposal was regarded in many circles as the most constructive suggestion that had been made in recent years to increase the popularity of English rugby in the high schools. It would also be a fine reward to those who have stuck with teams in that division and would be of particular value in building up a wider outlook, not only in sport, among the boys who would participate.

The provincial union also has under consideration plans for an increased series of intercity games next year between Victoria and Vancouver clubs. Such matches would interfere in no way with the regular McKee-Cup play, but would add greater interest to the sport here. They would build up larger gates and would tend to increase the present cordial relations between Victoria and Vancouver rugby circles.

The almost incredible in golf happened at the Farnham club, Surrey, T. S. Wilson (Larkhill G.C., Scotland) and J. D. Lyle (Roxhampton G.C.) playing in singles, both held their tee shots at the tenth, measuring 157 yards, for a half in one.

Several members of the club were in the vicinity at the time and Wilson and Lyle have six witnesses to their feat.

After Mr. Wilson had holed his shot, Lyle remarked with a smile, "Oh! Well, I'll have to do the same thing." And to the astonishment of himself and his opponent, he did.

Six previous cases of a hole being halved in one during a single match are recorded. It happened at Forest Hills, New Jersey, in 1918, at Royal Eastbourne in 1927, and in 1929 at Scrappock, twice in 1935 at Swinton and St. Augustine's, Ramsgate, and at Colwyn Bay last year. Following the achievement at Forest Hills, New Jersey, one of the players offered a bet of \$10,000 to \$1 against the feat being repeated in his lifetime.

Juvenile Group To Meet Tonight

The Royal Juvenile Athletic Association will meet tonight at 7:30 in the Colonialist boardroom to discuss the organization of a baseball league and roller hockey. Executive members are urged to attend.

Make League Debut With 6 to 1 Victory Over Last Year's Champions

GLOWS DEFEAT JOKERS EASILY

Decisive victories marked opening games yesterday evening in the A section of the Lower Island Softball Association. Victoria Athletic Club made an auspicious debut in the league by taking Brunson's Boys, last year's city and island champions, for a 6 to 1 ride at Bullen Park while the Silent Glows humbled the Jokers 9 to 1 at the Athletic Park.

Both games attracted good crowds and the brand of ball displayed promises some great exhibitions this season.

Holding Brunson's to four scattered hits, while his teammates played errorless ball behind him, Art Carr turned in a great mound exhibition for the V.A.C. He was never in trouble throughout the nine innings and worked plenty smooth after given an early lead. Red Palmer, last year's ace hurler, was Brunson's selection and although he worked well his support was plenty wobbly in the pinches.

After getting men on the bases in the first two innings and failing to score, the V.A.C. went to town in the third and pushed three runs across the plate. The Vacs added two more in the fifth and wound up their scoring for the night with a single in the last inning.

After being held scoreless for seven innings, Brunson's got their only run in the eighth.

Highlight of the game was the playing of Constable at third base for the V.A.C. He handled a number of hard chances in great fashion and his fielding drew much applause from the large crowd.

Score by innings:

V.A.C. 003020100-6
Brunson's Boys .. 000000010-1
Batteries—Carr and M. McBride; Palmer and R. Dunnett.

With Bill Tesky operating on the mound for the Jokers during the first five frames, Silent Glows hammered out eight runs, and only got one during the rest of the match when Kelly Cummerford replaced Tesky. The Jokers secured their lone run in the last inning.

"Chuck" Turner, working on the slab for Silent Glows, allowed his opponents four hits and fanned five. Tesky was touched for eleven hits and got one strikeout. Cummerford allowed one hit.

Silent Glows opened up their scoring in the second inning, when Turner slipped a grounder past Sumner on first base and brought Jack Caddell home. A single by Rube Lamb in the next frame sent George Robinson home for the second run.

HITS HOME RUN

In the fourth session Jack Okell's fast low ball found its way past the shortstop and two men came home for Silent Glows. Bill Tesky went to pieces in the next inning. Rube Lamb, Silent Glows first baseman, smashed a three-bagger to centre field. Jack Caddell's single brought him home and Ed Dunc pushed out a single to bring Caddell in. With no men on the bases Bill Levy got the first homer of the season, when his hit landed up against the fence in centre field.

Cummerford went in for Tesky in the sixth frame and pitched fine ball. He allowed Ed Dunc a single, which brought Fleming home from second base. This finished the scoring for the Silent Glows. In the ninth, Sumner's single brought home Cook for the only run for the Jokers.

Score by innings:

Jokers 000000001-1
Silent Glows ... 01124001X-9
Batteries—Tesky, Cummerford and Evans; Turner and Caddell.
Umpires—Stock and Walter.

HELEN MOODY IS EN ROUTE EAST

San Francisco, May 15.—Helen Moody left yesterday for New York ostensibly to exhibit oil paintings next week, but friends of the tennis star believe her ultimate destination is Wimbledon, England scene of her spectacular comeback triumph last year over Helen Jacobs. Mrs. Moody parried questions on the subject of defending her all-English net crown, with "I will make up my mind while in the east."

SOFTBALLERS OPEN SEASON BEFORE LARGE CROWD

Members of the Victoria Athletic Club and Brunson's Boys were ready to start play in one of the opening games in the A section of the Lower Island Softball Association yesterday evening at Bullen Park, Esquimalt, when the above picture was taken. Part of the big crowd that attended can be seen on the baselines. At the left is seen Red Palmer, hurler for Brunson's. At the plate from left to right is "Rusty" Dunnett, Brunson's catcher; Umpire Pick and Norm McConnell, V.A.C. shortstop, first man to bat in the game.

Cricket League Game Tomorrow

Five C's Scheduled to Meet Incogs in First of Regular Series at Park

Five C's and Incogs marshalled their cricket forces today for the scheduled opening of Saturday league play tomorrow. The squads are listed to meet at Beacon Hill Park at 2:30 o'clock.

In a friendly game at the University School grounds, the Victoria Cricket Club is billed to oppose the school side.

For the league fixture both teams have lined up strong players and hope to provide a high class match as they open the 1936 schedule.

Teams playing tomorrow include: Five C's: P. C. Payne (captain), Comley, E. Quinlan, Griffin, Whitehead, Nixon, Attwell, Yoxall, Petch, Tutill and Anderson.

Victoria: H. A. Goward (captain), H. A. Tomatin, W. J. Moffatt, A. J. Dargus, V. Moore, J. R. Appleton, T. Sellers, R. A. Willcox, R. G. Willcox, G. H. Kinch and H. Edwards.

TWO VETERANS CONTEST FINAL

Miss Kay Farrell and Mrs. S. C. Sweeney Seek B.C. Women's Golf Title

Vancouver, May 15.—Two star shotmakers from the Jericho Golf and Country Club, Miss Kay Farrell and Mrs. S. C. Sweeney, both veterans of the links, were to meet today on the rolling fairways and green of Shaughnessy course to decide the British Columbia women's golf championship for 1936.

Mrs. Sweeney, who won her first British Columbia crown in 1935, gained the final bracket with a 4 and 3 victory over Mrs. R. Gelsley in yesterday's semi-final play. She held the upper hand throughout, playing close to par to go 3 up on the first nine. Her medal count was 83, four over women's perfect figures.

Miss Farrell had a harder time with Katie Duff Stewart of Shaughnessy. The Jericho clubwoman won the match 3 and 1 on the seventeenth. The final will be a thirty-six-hole affair, with morning and afternoon rounds.

Visitors Coming For Celebration

A large number of people from Duncan have already signified their intention of visiting the city on the occasion of the Victoria Day celebrations.

They are highly interested in the horse racing, steeple-chasing, motorcycle race and stunts to be staged at the Willows Park, in aid of the two Victoria hospitals and the Solarium by the Victoria Day sports and race meeting on May 25 at 2:30 o'clock.

They hope to do well with all their entries, and seem confident of winning the steeplechase.

The tug-of-war is developing into a fine competition between the army, navy, Victoria police, Canadian Scottish and Fifth Brigade. They will contest an all-over pull, catchweights, with ten-inch testing for the championship.

U.S. Star Leads In British Golf

Mrs. Frank Goldthwaite, Who Was Left Off Curtis Cup Team, Scores Par 75 in First Round of Championship; Mrs. J. B. Walker, Australian Champion, and Mrs. Vane Have 77's

Southport, England, May 15.—Mrs. Frank Goldthwaite, Fort Worth, Texas, who was left off the United States Curtis Cup team at Glenageary, took the lead in the first qualifying round for the British women's championship here with a round of 75, even par.

Mrs. Goldthwaite finished two strokes ahead of Mrs. J. B. Walker, the Australian champion, who had held the early morning lead. The latter, a member of the British Curtis Cup team and present Australian champion, had taken the early qualifying lead away from the Misses Morgan and Newall when she went out in 39 and came home in 38, even par, for a 77.

Talk about the clubhouse momentarily turned from the low scores to the astonishing performance of Mrs. Edith Rhodes, the Yorkshire champion, who started with a nine on the par three first, added a six and three sevens on the next four and still finished in 94.

OTHER SCORES

Scores of other Americans reported follow: Mrs. L. D. Cheney, Los Angeles, and Marion Miles, Lexington, Ky., 80; Mrs. Maureen Orcutt, Crawa, Coral Gables, Fla., and Charlotte Gitting, South Orange, N.J., 82.

Followed by almost no gallery, Mrs. Goldthwaite, literally burned up the greens, holing putts of twenty-eight feet at the fifteenth and ten footers at the fourth and the eleventh. The Fort Worth star needed only one putt at the seventeenth, also, but she missed a four-footer on the home green for a 74.

Mrs. Glenna Collett Vare, the American champion and one of the ranking favorites, finished in 77, two shots back of Mrs. Goldthwaite and even with Mrs. Walker.

Phillie Wade, who won the 1934 English women's closed championship, finished with an 80.

Other low scores were Elsie Corlett and Vivian Lamb, 75; Mrs. O. S. Hill, Rhoda Morgan, Patty Berg and Owen Craddock-Hartoff, each 79; Robertson Durham, Scottish champion, and Mrs. Marjorie Rose Geron, 80; Pam Barton, 84, and Mrs. Helen Holm, another British Curtis Cup player, 85.

Macanlay Women In Medal Event

The monthly medal competition for the women of the Macanlay Point Golf Club will be held tomorrow and Sunday. Players will choose their own starting times. Post entries will be accepted. The draw follows: Miss N. Hocking and Mrs. C. Brown; Miss W. Speechly and Miss I. Holyoak; Miss H. Smith and Mrs. W. Poole; Miss I. Jarvis and Miss E. Irvine; Mrs. J. Holyoak and Miss D. Robinson; Miss S. Holyoak and Miss D. Yee; Miss M. Thorne and Miss D. Meynell; Mrs. A. Swan and Mrs. W. Edwards; and Miss A. Bland and Miss D. Ashman.

GOOD MATMEN ARE SECURED

Four Out-of-town and Two Local Grapplers Billed For "Battle Royal"

The booking of the six heavyweights who will meet tomorrow evening in the opener on the weekly mat show at the Tiltmill gym, by fighting in a "battle royal," was completed yesterday by promoter Fred Richardson, Chief Thunderbird, Louie Newman, "Babe" Smallinski, Glen Stone, George Kitamiller and Gerry Monahan, will be the wrestlers who will appear on the card. Four are out-of-town grapplers and two are local.

Kitamiller made his Victoria debut last week in a bout with Frank Stojack. The match had the fans on their toes, and with his return followers of the bone-bending pastime should get plenty of thrills.

Gerry Monahan, met Rudy Strongberg and secured an unpopular victory two weeks ago. His tactics were rough and he literally hammered his way to victory after a wild but thrilling fight. Glen Stone and Smallinski are well-known as they have appeared here quite often of late.

The card will open at 8:45 o'clock with a "battle royal," with the battlers meeting in the individual bouts, by their order of elimination from the scramble.

NORTH SHORE WINS BOX LA

Indians Gain Tie For League Lead By Defeating New Westminster

New Westminster, May 15.—Led by their imported forward, Cecil Van Every, who scored five goals and assisted in two others, North Shore Indians yesterday evening jumped into a tie with Richmond Farmers for leadership of the Inter-city Box Lacrosse League by defeating the New Westminster Salmonbellies a 21 to 16 defeat.

It was the Royal City squad's third straight defeat.

Salmonbellies started at a fast pace and were leading 8 to 4 at the end of the first quarter, but the Indians went out in the second session to bag eight goals and hold the fishermen to a lone tally. From then Indians took control and outscored their opponents in the remaining two quarters.

Though Van Every was high scorer for Indians he was not the high scorer of the game. Bill Wilson, former Collingia star, scored seven goals and assisted in one other for Salmonbellies.

But he has given his promise to play in a tournament at Toledo, June 25-28, so as much as he wants to go to England, the trip is "out."

How he happened to miss qualifying for America's open championship party at Baltusrol, June 4-6, still puzzled Little yesterday, three days after his upset occurred at Hartford, Conn.

"I had my heart set on qualifying and doing a good job at Baltusrol," he said ruefully, "and I should have done it."

Scoring a 88-13-75, Mrs. James Macfarlane won a class honors in the monthly medal competition yesterday at the Colwood Golf Club. Mrs. T. C. Moulds won in B class with a score of 107-32-75.

All Sections to Open Play Next Week List Shows

VIVIAN M'GRATH BACK IN ACTION

Philadelphia, May 15.—Vivian McGrath, Australian tennis player and member of its Davis Cup team entry, returned to action yesterday after suffering an infection of a finger Wednesday. The injury apparently had no effect on his playing.

TWO ATHLETIC GROUPS JOIN

Mt. Stephen Athletic Club Will Amalgamate With V.A.C.; Arrange Bouts

After hearing plans for the summer outlined by Matchmaker Louis Callan, members of the Victoria Athletic Club, at their meeting in the Elks Club yesterday evening, decided to amalgamate with the Mt. Stephen Athletic Club.

In future the boxing and wrestling bouts put on by the youngsters of the Mt. Stephen organization will be under the promotion of the V.A.C. Callan stated the Mt. Stephen Club was willing to throw in its lot with the new club with the idea of furthering sport in the city.

Discussion took place on the building of the proposed gym on Haultain Street, between Mt. Stephen Avenue and Cedar Hill Road. After hearing plans for the structure it was decided to refer the matter to the executive who will secure figures on the exact cost of the building.

However, the outdoor boxing and wrestling shows, will be continued this summer with the first one scheduled in the near future.

BASEBALL SCHOOL

Harold Tait reported that considerable material had been secured from Seattle and Los Angeles regarding the operation here this summer of a baseball school of instruction. The V.A.C. intends to provide instructors for the youngsters.

Tonight at Wachter's newstand, Douglas Street, a meeting of the sports committee of the V.A.C. will be held at 8 o'clock. All members are urged to attend.

On Sunday morning at the Victoria West Park the V.A.C. softball team will hold a practice at 10 o'clock.

Will Open Bathhouse

Provided the weather is good, Ralph Alcock, popular guard at the city's Gorge bathhouse, will open the improved changing quarters to the public tomorrow and Sunday, he announced today.

The official opening ceremonies will not be held until May 22, but in order to meet the requirements of swimmers who have already been using the equipment there, the life-guard stated he would be on duty in the afternoon if the weather was suitable for swimming.

The bathhouse has been cleaned and painted, and the children's section has been enlarged in anticipation of increased attendance.

Work has been carried out on the beach and the surface is greatly improved, according to reports.

Gorge Vale Women Open Title Golf

The qualifying round for the annual women's championship at Gorge Vale Golf Club will be staged tomorrow. The draw is as follows: players to arrange their own starting time, and post entries will be received.

Mrs. H. H. Allen and Mrs. A. T. Hunkin.
Mrs. L. Silburn and Mrs. H. B. Beasley.
Mrs. E. Deane Freeman and Mrs. B. T. Hill.
Mrs. A. Talbot and Miss E. R. Walker.
Mrs. D. W. Morry and Mrs. D. R. Hurdle.
Miss C. L. Harris and Miss Muriel Fisher.
Miss L. Newnham and Mrs. H. P. Hodges.
Miss Caddens, Miss Esther Smith and Miss M. Hill.

Games Billed Every Day But Saturday in Various Divisions

V.A.C. TO MEET SILENT GLOWS

All sections of the Lower Island Softball Association will swing into action next week, the schedule released today by Ernie Oliver, secretary, showed.

In the major division Victoria Athletic Club and Silent Glows, winners of yesterday evening's opening fixtures, will meet in the feature game on Tuesday evening at the Athletic Park.

Four games are listed during the week for the A section, eight in the B section, six in the C class and an equal number in the D section.

SCHEDULE

The complete schedule for the week, with grounds and umpires, follows:

A SECTION

Tuesday, May 19
V.A.C. vs. Silent Glows, Athletic Park; umpires, Pick and Watt.
Jokers vs. Brunson's Boys, Work Point; umpires, McLaren and Carr.

Thursday, May 21
Brunson's Boys vs. Silent Glows, Athletic Park; umpires, Williams and Borde.
V.A.C. vs. Jokers, Victoria West; umpires, Pick and Watt.

B SECTION

Monday, May 18
McLean's Bakery vs. Ex-Poodle Dog, Victoria West; umpires, Marrien and Fraser.
Bruin's vs. Hollywood Club, Memorial Park; umpires, McClure and Waller.

Navy A vs. N.S.S.C. Admirals Road; umpires, Langolis and T. Nute.
Sidney vs. Saanichton, Sidney; umpires to be appointed.

Wednesday, May 20
Hollywood Club vs. McLean's Bakery, Heywood Avenue; umpire, Cooper and Buckler.
Navy A vs. Ex-Poodle Dog, Admirals Road; umpires, McClure and Fraser.
Bruin's vs. Saanichton, Victoria West; umpires, J. O'Connor and Marrien.
N.S.S.C. vs. Sidney, N.S.S.C.; umpires to be appointed.

C SECTION

Tuesday, May 19
Equimatt Meat Market vs. Navy B, Bullen Park; umpires, McClure and J. O'Connor.
Bell Barbers vs. Britannia Branch, Savory Park; umpires, Waller and T. Nute.

Civil Service vs. Hudson's Bay, Heywood Avenue; umpires, Murray and Munn.
Thursday, May 21
Hudson's Bay vs. Equimatt Meat Market, Savory Park; umpires, Langolis and Johnson.
Navy B vs. Bell Barbers, Bullen Park; umpires, Peas and Gent.
Britannia Branch vs. Civil Service, Memorial Park; umpires, Munn and Murray.

D SECTION

Wednesday, May 20
Meta vs. Togo Cleaners, Savory Park; umpires, Carre and Cooper.
Cooperage vs. Victoria Longshoremen, Victoria West No. 2; umpires, Peas and Gent.

Colbert Grocery vs. Native Sons of B.C., Spencer's Park; umpires, McLaren and Hook.
Friday, May 22
Native Sons of B.C. vs. Meta, Memorial Park; umpires, Buckler and Cooper.

Togo Cleaners vs. Cooperage, Savory Park; umpires, Carre and Block.
Victoria Longshoremen vs. Colbert Grocery, Heywood Avenue; umpires, T. Nute and B. Simpson.

All games are scheduled to start at 6:15 o'clock. Managers or captains are required to have all score sheets signed by the umpires and turned in to the league secretary or assistant within twenty-four hours of the game. Officials have asked all teams to give the umpires their utmost support. Any person interested in umpiring is asked to communicate with the league secretary.

Persons wishing to join in the big crowd shoot Sunday in the Cowichan area are requested to be at the Duncan station not later than 9 o'clock. Those who would like to join the expedition and have no means for transportation are asked to get in touch with Roger Montiel, president of the Fish and Game Association, or Red Shemilt, secretary.

The shoot is being conducted by the Cowichan Fish and Game Association. The expedition will be broken into groups and taken to various areas where crows are known to be plentiful.

Nanaimo Sending Strong Team To Oppose City Tomorrow

Soccer Elevens To Clash In Cup Semi-final Game

Three New Men on Up-landers' Line-up For Province Cup Fixture

CITY TEAM ANNOUNCED

"Daisy" Waugh, "Fat" Edmunds and company, that highly regarded firm in the British Columbia soccer industry, will flash new staff members when Nanaimo meets Victoria City in the provincial semi-final of the Province Cup play at the Athletic Park tomorrow.

The team has been bolstered by the addition of new blood on the front line's right flank and Billy Platt, formerly of Vancouver, will operate as right half as the Coal City comes south in an effort to hurdle local opposition which challenges its right to enter the final bracket.

But the team will have enough of the old guard left to assure Victorians of a smart game if the Nanaimo boys are clicking.

NANAIMO LINE-UP

Pete Inkster will guard the visitors' net, with "Fat" Edmunds and Orville Boyd giving the "squad" experience and stability in fullback berths. With Platt on the half line will be Jimmy Knight, captain, and Sandy Thompson.

The two juniors added to the first line of attack are Al Parks, wing, and Art Denton, inside. With them will be the Three Musketeers of innumerable Nanaimo forward lines, "Daisy" Waugh will play centre, "Uke" Gray inside and Bud Sandland on the wing. The team should have plenty of offensive strength and if the newcomers to the line live up to reports of their effectiveness, Victoria City's defence will face a busy session.

Results of recent games put Victoria City in a more favored position to beat the up-landers than early season form would have indicated.

The team has snapped into a winning streak, which gave them the Jackson Cup, after a slow start earlier in the year and may maintain that spurt tomorrow.

ADDED RIVALRY

There will be a little extra rivalry hanging over from a previous season in the battle. With the Payne brothers playing on the front line against the "Uke" Gray-Sandland combination some additional punch may be added to the fray. The four

FOURTEEN TO FACE STARTER

Fine Field Tomorrow For Running of \$25,000 Preakness at Baltimore

Baltimore, May 14.—Fourteen three-year-olds, headed by Morton L. Schwartz's Bold Venture, winner of the Kentucky Derby, today were named for the forty-sixth running of the \$25,000 Preakness over one and three-sixteenth miles at Pimlico tomorrow.

Every train and bus brought new arrivals, indicating more than 40,000 spectators either would be jammed into "old hilltop's" rambling stands when the bugle calls "boot and saddles."

For the most part, the discussions centred around one horse—Bold Venture, winner of the Kentucky Derby Can he repeat his derby triumph at one and three-sixteenth miles?

He will have arrayed against him four horses he beat in the derby, including Granville from William Woodward's Belair stud.

While admitting Bold Venture is the horse to beat, and that he'll be a strong favorite at 6 to 4 or less, Granville is the big question mark. His trials at Pimlico have been none too impressive, but he has shown ability to run in the stretch. Teufel, from the Wheatley Stable, the Bomar Stable's mud-loving Grand Slam and Mrs. Silas B. Mason's He Did also will take another crack at Bold Venture. Teufel and Granville also will have the speedy Wheatley colt, Shark, as a running mate. Bow and Arrow, Memory Book and Jean also rate consideration.

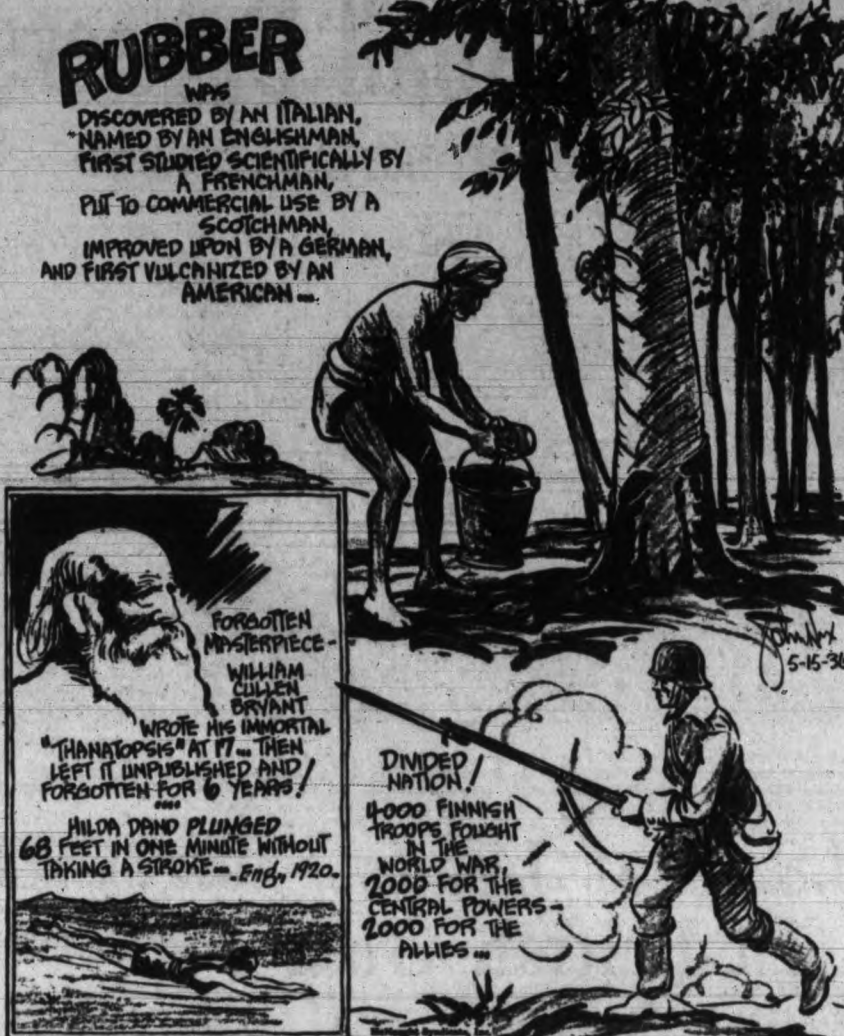

boys were involved in a player dispute when the island team was chosen to meet the last invading Scottish squad.

Wally Rowe will play goal for the City, with Hollie Moody and John Rogers as fullbacks. Cliff Robbins, Fred Gibbons and Dave Robertson are listed for duty on the half line, with George Payne, Terry Peers, "Red" Tregalia, Jack Payne and Eddie More completing the forwards. As reserves the City has Tommy Smith, Cecil Dixon, "Pop" Sage and Lloyd Knapp.

Nanaimo relief men include Gavin, West and McGregor. T. H. Robb will referee the fixture scheduled to start at 2:45 o'clock.

STRANGE AS IT SEEMS

—By John Hix

William Cullen Bryant wrote his famous "Thanatopsis" when he was but seventeen years old and laid it away among some of his other papers. He made no effort to have it published, and apparently forgot all about the work that was to be known in later years as his masterpiece. About six years after he wrote the poem, his father found it on his son's desk and sent it along with other manuscripts to a publisher.

Editors refused to believe that a mere youth could write so brilliantly and, after it was published, the side

Mr. Bryant found it difficult to convince critics that it was the work of his son.

Strange as it seems, Finnish troops fought against each other in the World War. Evenly divided in sympathies, 2,000 Finns volunteered for service with the Russian armies while 2,000 enlisted with the Germans.

White man's acquaintance with rubber dates back to Columbus, who found Haitian natives using balls of it in their games. The substance was first studied scientifically by a

Frenchman, La Condamine, in 1736. To an Englishman, Priestly, who found it would rub out pencil marks, goes credit for naming it "rubber." A Scotchman named McIntosh rubberized fabrics to embark the product on its first practical commercial use. A German chemist, Luederdorf, in 1832, made a great improvement in commercial rubber by perfecting a method of removing its stickiness. In 1859 rubber was first vulcanized by Charles Goodyear.

Tomorrow: Haiti's Unlucky Rules.

BOXING DUKES BAR WENSTOB

Alberta Light-heavyweight Claimed to Have Broken Faith in England

Montreal, May 15.—The Canadian Boxing Federation yesterday evening barred Eddie Wenstob, light-heavyweight fighter from Viking, Alta., from further competition until he fulfills his various obligations.

The commission, in annual meet-

ing here, heard Wenstob had broken faith with English promoters and had also severed connections with his manager, Mike Kaplanaky.

All commissions affiliated with the parent body will be notified Wenstob has been blacklisted by the C.B.F. The young fighter recently outpointed Charley Belanger, former Canadian light-heavyweight champion, in a Winnipeg bout.

The federation aligned the boxing championship roster as follows:

Flyweight—"Greggy" Greggerson, Montreal.

Bantamweight—Frankie Martin, Montreal.

Featherweight—Ray Cook, Toronto. Lightweight—Tommy Bland, Toronto.

Welterweight—Gordon Wallace, Vancouver.

The middle, light-heavyweight and heavyweight classes were left open.

GOLF CLUB REOPENED

Colin Crawford Is New Manager of Cedar Hill Course; Is Ready For Play

After a shutdown of over two years, the Cedar Hill Golf Club, a nine-hole course, has been re-opened. Colin Crawford is the new manager and he stated today the links is now open for play.

A fine new clubhouse, comfortable and nicely furnished, has been erected. The tees have been moved around and new cups and flags have been installed.

The greens and fairways are in good condition. The course is situated at the west end of North Dairy Road.

LOPEZ-SZABO IN DRAW BOUT

Each Gain a Fall in Wrestling Match at Vancouver; Stronberg Beaten

Vancouver, May 15.—Vincent Lopez, Mexico, recognized in eighteen states as world heavyweight wrestling champ, went eight rounds to a draw with Sander Szabo, Hungary, in a headline bout carded as for the "world's championship" here yesterday evening.

Lopez weighed 201 and Szabo 204. The Mexican took the first fall with a knee press in the third round, but Szabo evened the match on a fall with a duplex hold in the last round.

Kimono Kudo, 165, Japan, took two straight falls from Rudy Strongberg, 190, Germany, in the semi-windup. King Chiwaki, 220, Indiana, took a lone fall from Hank Metheny, 225, Chicago.

Cesey de Collesimo, 265, California, took an odd-fall decision from Dan- nie Dusk, 195, Chicago.

Close Matches In Tennis Tournament

Some close matches were played in the opening rounds of the annual mixed handicap tournament of the Hillcrest Tennis Club.

Results follow:

Miss Preststone and S. Harbinson won from Miss Boyce and Butler 8-4.

Miss Warburton and Lockley won from Miss Borrowman and Davey 8-2.

Miss Herrin and Lockley won from Miss Thompson and Roberts 8-4.

Miss Sparks and Batchelor won from Mrs. Butler and Carson 8-7.

Miss Barlow and Ard won from Miss Owen and Wood 8-4.

Miss Hicks and Warder won from Mrs. Poynte and Hicks 6-7.

Mrs. Erickson and Bloomb won from Miss Greaves and Douglas 8-6.

Mrs. Smith and Whyte won from Miss Lockley and Stewart 8-6.

DUNCAN GOLF

Duncan, May 15.—Mrs. J. Long-bourne was the winner of the monthly medal competition for the women members of the Cowichan Golf Club on Wednesday, with a gross score of 99—18—81. Others taking part were Mrs. C. C. Wright, Miss M. Peterson, Miss I. Clark, Mrs. F. G. Aldersey and Mrs. Boyd-Wallis.

Fine Hurling In Major Baseball

Dusty Rhodes, Lefty Grove and Carl Hubbell Turn in Brilliant Mound Performances; DiMaggio Gets Four Hits as Yanks Trounce St. Louis

Gordon (Dusty) Rhodes, the Philadelphia Athletics' pitcher, has joined the honored legion of men who have come back.

Rhodes was traded to the Athletics by the Boston Red Sox last winter in the deal that brought Jimmy Fox to Boston. He has won only two games and lost ten while toiling for the Boston team and he was believed to be in the autumn of his career.

Under the patriarchal hand of Connie Mack, however, Dusty has become one of the most effective pitchers in the American League. He has won four games while losing two thus far. He held the third-place Cleveland Indians to three defeats yesterday and blanked them 4 to 0.

Rhodes' feat was the best pitching job turned in on a day that saw Robert Moses Grove hold the Detroit Tigers to five hits as the Red Sox won 3 to 1, and Carl Hubbell gave the same number of bingles to the Chicago Cubs as the New York Giants won 5 to 0.

Rookie Joe DiMaggio of the New York Yankees belted out three doubles and a single in the Yankees' 6 to 1 conquest of the St. Louis Browns. DiMaggio now is batting .387.

HEAVY HITTING

There was some lusty walloping in Brooklyn, where the St. Louis Cardinals got sixteen safeties, ten of them for extra bases, to beat the Dodgers 12 to 4. In Chicago the White Sox won their fifth straight victory with a 12 to 12 decision over the Washington Senators.

The White Sox held a 10 to 1 lead going into the fourth inning, but the Senators scored five runs in the fourth and tied the score at 10 to 10 in the sixth.

The Pittsburgh Pirates downed the Boston Bees 5 to 2. The Cincinnati-Phillies game was postponed because of cold weather.

COAST LEAGUE

Culled from the ineffective Los Angeles pitching staff as one of the "best" was J. Bennett-Campbell put on a San Francisco uniform and knocked loudly at the doors of baseball fame.

But Leroy Anton, with a club in his hand, drove him away. A lone single by the Oakland firstacker was the only hit. "Whitney" allowed as his newly-acquired teammates pounded three Oakland hurlers for thirteen hits to win 9 to 0 at Emeryville yesterday.

It was Campbell's first start with the Seals. He was sold two weeks ago after losing his only two starting games for the Angels. Last year he won thirteen and lost ten.

Twenty-two-year-old Don French hurled three-hit ball for Portland to shut out San Diego 5 to 0.

John "Moose" Claybaugh, the Coast League's number one home run hitter, smacked out his eighth of the season. He and Fred Bedore drove in all the runs.

Seattle won its first game of the series from the Mission Reds 7 to 1 behind Paul Gregory's steady hurling. George South, who returned from Muskegon in time to replace the injured Max West, scored the only Red run after he hit a triple in his first time to the plate in the Coast League.

Third Party In Theft Charge

The regular monthly meeting of the Victoria branch, B.C. Coast Breeders Association, will be held in the Y.M.C.A. at 8 o'clock this evening. All interested are invited to attend.

Examinations for the positions of welfare visitors in the B.C. provincial secretary's department will be held in Victoria and Vancouver on May 26. A. N. Baker, civil service commissioner, announced today. Applicants must be between twenty-five and forty-five years of age and graduates of a recognized school of social work.

Mr. Harrison also notified the court this morning of an amendment to the information, altering the charge from obtaining \$400 by false pretences from Charles Desford to stealing \$400 from him.

R. P. Bainbridge appeared for the two accused. He reserved election without plea.

NEWS IN BRIEF

Charges against Mr. and Mrs. W. D. Smith, Feltham Road, of keeping liquor for sale, were adjourned for a week in the Saanich Police Court yesterday.

Mr. Justice Manson, who has been presiding over the Supreme Court here for the last two weeks, has gone to his home in Vancouver for the week-end.

The Rainbow Sea Cadets Rifle Association will hold its weekly shoot at Macaulay Point Range on Saturday afternoon at 2 o'clock, weather permitting.

On a charge of driving to the common danger, Frank Wakeham was remanded until Monday morning when he appeared in the City Police Court this morning.

The Oak Bay municipal hall staff on Monday will commence the summer business hours schedule when offices will be opened at 8.30 o'clock and closed at 4.30 o'clock.

The city parks committee was scheduled to meet at 2.30 o'clock today to discuss arrangements for the new flagpole presented to the city by the Kapoor Lumber Company.

On behalf of the staff of the Provincial Museum a presentation was made this morning to Miss Nancy Stark, museum recorder, who will be married shortly. Francis Kermode, museum director, officiated, presenting a silver etched dish to Miss Stark with suitable remarks.

Water bills to the value of \$1,524.85 are in arrears in Oak Bay, according to a report submitted to the council yesterday. This represents 104 persons. Of this total \$321.49 is made up of bills accrued by relief cases, while the remainder are those who are delinquent. On February 1 there were 112 persons in arrears and the total value of bills was \$1,545.99.

A well-attended card party was held yesterday evening by the Victoria West Liberal Social Club in the clubrooms, 414 Skinner Street. The following won prizes: Ladies' first, Mrs. J. S. Amond; gentlemen's first, G. Paterson; ladies' second, Mrs. Constable; gentlemen's second, S. McKenzie; consolation, Mrs. C. Chesley.

Members of the Victoria branch of Active International, newly-formed service club, last night decided to postpone their charter night from the end of this month to a later date. The decision was reached at a meeting in Spencer's dining-room. Another meeting will be held shortly to choose the committee chairman.

Purchase of fifty gallons of paint, at \$3.45 a gallon from the Paint Supply Co. Ltd., and the Standard Co. Ltd., and purchase of another ten gallons of lacquer from the latter firm at \$1.35 a gallon, was recommended in a public works executive report tabled for council consideration today.

Frank Nowotnik, 3124 Earl Gray Street, Saanich, has applied to the courts here for Canadian citizenship. He was born at Przysowski, Poland, came to Canada through England in July, 1928, lived at Ceylon until 1932 and has made his home here since. He has been set down to appear before Judge Lampman for public hearing on his application next month.

Louise Hoy, Chinese, was fined \$20 and \$2.50 costs when he was convicted in the Saanich Police Court yesterday on a charge of driving to the common danger. The charge was the result of an accident at George Road and Wascana Street when the accused struck Miss Olga Abercrombie, a cyclist. F. L. Shaw appeared for the defendant.

The regular meeting of the League Against War and Fascism will be held on Monday evening at 1219 Pandora Avenue, at 8 o'clock. This organization is a branch of the Canadian League Against War and Fascism. This is a section of a world movement which maintains contact with those who are opposing Fascism in countries where it has seized power. The movement is non-party, irrespective of race, color or creed, and seeks to embrace sincere opponents of war and Fascism from all sections of society and in every country.

Omineca Liberals Select Nominee

A. M. Buddy of Burns Lake has been selected as Liberal candidate to contest the by-election in Omineca riding on June 22. Premier Pattullo has been advised.

The official nominations will be made June 8. Candidates of other parties have not been chosen.

T. W. Taylor of Burns Lake is the returning officer for the poll. He will supervise the thirty-nine polling stations in the riding.

The active campaign in Omineca is expected to get under way after nomination day.

J. W. McCONNELL VISITOR HERE

Was Guest of Viceroy of India During Extended World Tour

John Wilson McConnell, president and managing director of the St. Lawrence Sugar Refineries Limited, Montreal, and a member of the board of directors of many prominent companies, is in Victoria, today on his way home to Montreal at the conclusion of an extended world tour.

Mr. McConnell is staying at the Empress Hotel. He is accompanied by Mrs. McConnell, their daughter, Miss K. McConnell, their young son, Master David McConnell, and Dr. Edward Archibald, professor of surgery at McGill University.

The party sailed on the R.M.S. Empress of Britain on its world cruise at the beginning of the year, and remained with the Canadian Pacific liner as far as India.

They stayed in India for five weeks, spending part of the time as the guests of the Viceroy and Lady Willingdon, with whom they had entered into a close personal friendship during Lord Willingdon's term as Governor-General of Canada.

From India they continued by way of China and Japan to Honolulu, where they joined the Canadian-Australasian R.M.S. Aorangi, reaching Victoria late last night.

After a long illness, the death occurred this morning at St. Joseph's Hospital of Mrs. Hilda Roberts, aged fifty-three years. She was born in Sweden and came to Victoria twenty-five years ago. Mrs. Roberts is survived by two sons, Edward A. and David O. Roberts of Metcalfe; one daughter, Mrs. Wm. Crawford, Victoria, and one brother, Olaf Fredrickson of Sooke. Funeral arrangements will be announced later.

LUCIEN SCANTLAND

Funeral services for Lucien Scantland, who was drowned Wednesday at Kemp Lake, will be conducted tomorrow morning at 9 o'clock in Our Lady Queen of Peace Church, Esquimalt, Rev. A. B. Wood officiating. The remains, which are reposing at McCall Bros' Funeral Home, will be conveyed tonight to the home of his parents, Mr. and Mrs. Mary Scantland, 877 Old Esquimalt Road. Interment will be in Ross Bay Cemetery.

JAMES JONES SARGISON

Rev. A. E. Balfour Bruce conducted the funeral service for James Jones Sargison yesterday afternoon, a large congregation of sorrowing friends being present, during which the hymns, "Peace, Perfect Peace" and "The Sands of Time Are Sinking," were sung. The casket and hearse were banked with beautiful flowers. The following acted as pallbearers: Harry Sargison, Colonel D. McGugan, Harry Mills, J. L. White, Alfred Hood and Hugh Pratt. The remains were laid to rest in the family plot in Ross Bay Cemetery.

ELIZABETH ROWLANDS

Many sympathizing friends attended the funeral yesterday afternoon of Mrs. Elizabeth Rowlands. The service was conducted at the family residence, 317 Phoenix Place, Rev. A. de B. Owen officiating. The profession of floral tributes which covered the casket and banked in the drawing-room testified to the love and esteem in which Mrs. Rowlands was held. Interment was in the Royal Oak Burial Park. The following were pallbearers: E. P. McKie, E. P. Saunders, F. W. Nolte, J. H. Taylor, A. H. Gordon and F. L. Eilers.

APPEAL COURT SESSION ENDS

Justices to Open in Vancouver Next Week For Final Pre-vacation Sitting

The four sitting justices of the Court of Appeal concluded their spring sitting here late Thursday. They will open next Tuesday in Vancouver for their final sitting before beginning their long summer vacation which will extend until September 8.

The sitting just concluded here opened on April 14. Three weeks and one day of the full month the justices sat were taken up with the appeal of the three George brothers, Indians, against their sentences to death for the murder of Constable Gaisbourn on the Canford Reserve two years ago.

The appeal came to a climax with a majority of the justices putting through a ruling by which Stuart Henderson will be debarré from appearing before the court until he withdraws his attacks alleging "disgraceful" conduct on the part of Chief Justice Morrison of the Supreme Court. Mr. Henderson has for two years been waging the legal battle to save the Indians from the gallows. Judgment on the George appeal is expected early in the Vancouver sitting.

FORGOTTEN MONEY CASE

Before recessing yesterday the justices reserved judgment in the appeal of the Attorney-General of British Columbia against the Royal Bank. This is the case involving the ownership of \$7,000 found in the Royal Bank vaults in 1928, which was claimed by the heirs of a man who died before the war, operated a theatre on north Government Street, and then became defunct. As there was thus no legal owner for the money, the British Columbia Government claimed it according to custom.

D. M. Gordon of Cressie and Cressie, however, challenged the right of the government to appropriate the money. He had the company restored to the company list and put up such a fight that he won in the Supreme Court. The Attorney-General by appealing made another attempt to hold the money. If Mr. Gordon is sustained by the Court of Appeal the \$7,000 will be divided among the several shareholders of the old amusement company as an unexpected windfall.

The appeal justices said they would await the arrival of a decision recently handed down by the House of Lords, which has a material bearing on such cases.

Trophies won by players in the Britannia Branch of the Canadian Legion Snooker and Billiard League. Will be presented tomorrow evening to winners in the clubrooms, View Street. R. Burns was first in the Billiard League, with J. Green as runner-up. H. L. Butcher took top honors in the snooker league and H. Johnson was in second place. P. C. Payne, second vice-president will make the presentations. The affair will start at 8 o'clock.

Obituary

SYDNEY WILSON

Many sorrowing friends paid their last tribute at the funeral service for Sydney Wilson yesterday, Canon F. A. P. Chadwick officiating. The hymns sung were "Peace, Perfect Peace" and "A Kindly Light." An abundance of beautiful flowers was received. The service of Victoria Lodge No. 1, I.O.O.F., of which Mr. Wilson was a member, was conducted by E. Combe, acting as noble grand, and W. J. Gower acting as chaplain. After the service the remains were forwarded to Vancouver for cremation.

ALEXANDER DALGLEISH

Rev. A. de B. Owen conducted the funeral service yesterday afternoon for Alexander Dalgleish, whose death occurred on May 10. Many old-time friends attended and the casket was covered with floral tributes. The hymn, "Jesus, Lover of My Soul," was sung. The remains were laid to rest in Colwood Burial Park. The following acted as pallbearers: F. Chapman, M. MacCoy, Thomas Alexander, P. S. Dearborn, J. Hawkins and C. Holt.

HILDA ROBERTS

After a long illness, the death occurred this morning at St. Joseph's Hospital of Mrs. Hilda Roberts, aged fifty-three years. She was born in Sweden and came to Victoria twenty-five years ago. Mrs. Roberts is survived by two sons, Edward A. and David O. Roberts of Metcalfe; one daughter, Mrs. Wm. Crawford, Victoria, and one brother, Olaf Fredrickson of Sooke. Funeral arrangements will be announced later.

LUCIEN SCANTLAND

Funeral services for Lucien Scantland, who was drowned Wednesday at Kemp Lake, will be conducted tomorrow morning at 9 o'clock in Our Lady Queen of Peace Church, Esquimalt, Rev. A. B. Wood officiating. The remains, which are reposing at McCall Bros' Funeral Home, will be conveyed tonight to the home of his parents, Mr. and Mrs. Mary Scantland, 877 Old Esquimalt Road. Interment will be in Ross Bay Cemetery.

JAMES JONES SARGISON

Rev. A. E. Balfour Bruce conducted the funeral service for James Jones Sargison yesterday afternoon, a large congregation of sorrowing friends being present, during which the hymns, "Peace, Perfect Peace" and "The Sands of Time Are Sinking," were sung. The casket and hearse were banked with beautiful flowers. The following acted as pallbearers: Harry Sargison, Colonel D. McGugan, Harry Mills, J. L. White, Alfred Hood and Hugh Pratt. The remains were laid to rest in the family plot in Ross Bay Cemetery.

ELIZABETH ROWLANDS

Many sympathizing friends attended the funeral yesterday afternoon of Mrs. Elizabeth Rowlands. The service was conducted at the family residence, 317 Phoenix Place, Rev. A. de B. Owen officiating. The profession of floral tributes which covered the casket and banked in the drawing-room testified to the love and esteem in which Mrs. Rowlands was held. Interment was in the Royal Oak Burial Park. The following were pallbearers: E. P. McKie, E. P. Saunders, F. W. Nolte, J. H. Taylor, A. H. Gordon and F. L. Eilers.

DONALD MCKAY

This morning at the Royal Jubilee Hospital, the death occurred of Donald McKay, aged sixty-eight years. Mr. McKay born in Underwood, Bruce County, Ontario, had resided here for eighteen years, his late residence being the Dominion Hotel. He had been a member of the I.O.O.F. for fifty years. He is survived by three sisters, Mrs. A. McLean, Toronto; Mrs. Harris Logan, Niagara Falls, and Miss Marie, Underwood, Ontario, and J. McKay of Vancouver. The funeral will take place tomorrow afternoon at 3.15 o'clock from McCall Bros' Funeral Home. Rev. James Hyde will conduct the service, after which interment will be in Royal Oak Burial Park. It is requested no flowers be sent.

ANNE JANE EDWARDSON

Mrs. Anne Jane Edwardson, widow of Joseph Edwardson, accountant, of Liverpool, England, passed away this morning at her home, 108 Southgate Street, in her eighty-eighth year. Mrs. Edwardson, who was born in Liverpool and had been a resident of this city for the last nine years, is survived by one son, Herbert W. Edwardson, Victoria; one daughter, Mrs. Emily Lamberton, Liverpool; three grandchildren, Mrs. Mary Emily and Anne Edwardson, and Charles Lamberton. Funeral services will be held on Monday afternoon, leaving Hayward's B.C. Funeral Chapel at 2 o'clock and proceeding to the Church of Our Lord, where Rev. A. de B. Owen will conduct services at 2.15 o'clock. Interment will be in Royal Oak Burial Park.

HELEN MALON

At St. Joseph's Hospital this morning the death occurred of Mrs. Helen Malon, 150 Government Street, aged seventy-three years, widow of M. J. E. Malon of Caen, France. She is survived by two sons, E. W. Abram, Victoria, and P. Malon, Clayoquot; three daughters, Mrs. P. A. Hovelague, Duncan; Mrs. A. G. E. Manson, Colindale, and Mrs. W. Greythill, Todmorden, B.C.; two sisters, Mrs. Emily and Janie Anderson, Freshwater, Isle of Wight, and one brother, A. G. Anderson, Port Alberni. The funeral will be held on Tuesday from Hayward's B.C. Funeral Chapel, proceeding to Christ Church Cathedral, where Rev. F. C. Hayman will conduct the services. Interment will be in Colwood Burial Park.

RICHARD WILLIAM LAWSON

This morning there passed away in the Royal Jubilee Hospital Richard William Lawson, aged sixty-nine years, a resident of Sidney. Mr. Lawson was born in Victoria and resided here until three years ago when he moved to Sidney. He leaves to survive his passing one son, Herbert R. in Seattle; two brothers,

PAIN IN ARM BEGAN CAREER

J. J. Seitz Founded Canadian Underwood Typewriter Co. Forty Years Ago

John J. Seitz, who on May 1, 1896, inaugurated Underwood Elliott Fisher Limited, which in forty years has grown to be one of Canada's largest companies, is in Victoria at present on his twenty-eighth trip to the Coast.

Mr. Seitz reports a distinct improvement in business right across Canada since his last visit. For the month of March his own business showed a gain of 22 per cent over last year, he said yesterday.

This gain had been reflected in a 25 per cent increase in the company's personnel.

It was a pain in his arm which started Mr. Seitz on his way to the presidency of Underwood Elliott Fisher and the Peerless Carbon and Ribbon Company. Forty years ago he was a commercial telegrapher. Fearful the trouble in his arm would incapacitate him for his work, he acquired a crude early typewriter and substituted it for his pencil.

In the same year he went to New York from Toronto to see a new and more advanced machine, the Underwood. He returned home with the latest Canadian and British agency for the machine.

Forty years ago the Canadian branch of the Underwood company had a payroll of \$17, no employees and one office. Today it has twenty-one branch offices, 900 employees, and a weekly payroll of \$21,250.

On the company's fortieth anniversary a banquet was held in Mr. Seitz's honor, attended by the mayor of Toronto.

Mr. Seitz will remain in Victoria for another week, and will visit all the commercial schools and colleges of the city.

Mr. Seitz has two messages for young people, in whom he has always taken a great interest: one is that their opportunities today are greater than their parents ever had; the second is that a knowledge of English, accounting, shorthand and typing are the main steps on the way to success.

"Y" CIRCUS ON TONIGHT

Fine Acts Assembled For Annual Y.M.C.A. Show at Horse Show Building

To the tune of four bands playing alternately, the annual Y.M.C.A. circus will open tonight at 8.15 o'clock at the horse show building at the Willows.

The Shrine Band will be in attendance in its colorful green uniforms to lead the way while a twenty-piece orchestra of funnymen led by "Monstrous" Birnie will feature the tallest piccolo player and the shortest base horn blower.

Reported to be the largest acrobatic band in Canada, a twenty-piece group will furnish music after the Venetian style under the direction of Ernest Pullerton. The Rainbow Sea Cadets will also be present to provide a fine variety of military music under the baton of James M. Miller.

The circus will feature plenty of comedy with a team of eight clowns headed by Len Oliver and Harold McLean.

With their apparatus set up, the Aerial Pats interpret the story of the show, will be ready to provide such thrills for the audience as have never been experienced at a Y circus before. Mysteriously named stunts like the "flying breakaway" will be cleared of their shroud of mystery as Vera and Frank, who make up the team of the Aerial Pats, interpret the story of the show of daring and skill.

The famous team of handbalancers from Vancouver will expound the technique employed in feats of pole while the local gymnasts are scheduled to go through their tricks on the parallel bars and horse tumblers and a team of twelve juggle experts will display their art.

The "Blingling Brothers" have assembled the finest show since they went into the circus business, and the crowd is assured of many laughs and thrills.

C. G. BANNER TO VANCOUVER

Credit Manager of Hudson's Bay Co. Is Transferred

C. G. Banner has recently been transferred to the Vancouver store of the Hudson's Bay Company in the capacity of credit manager, which position he occupied with the firm's store here for several years. Mr. Banner was elected president of the Credit Managers' Association of Victoria for the 1936 term. He has done considerable work in the association and was among the few who brought about its inauguration in 1932. Mr. Banner will leave this week to join his husband in Vancouver.

Henry D. D., and Charles A., both in Victoria; two sisters, Mrs. P. Dickson, Vernon, B.C. and Mrs. B. Davey of Gibson's Landing. Funeral services will be conducted on Monday afternoon in the chapel of the Bands-Mortuary Limited at 2 o'clock. Canon F. A. P. Chadwick will officiate and the remains will be laid to rest in the family plot in the Ross Bay Cemetery.

Says Hole-in-one Due to Atmosphere

Hawthorne K. Dent, Seattle, Steps Off Boat to Make Remarkable Shot on Second at Oak Bay

"I think it must be the atmosphere here. When I play in Victoria, I relax properly. Down in Seattle you're tense all the time," was the explanation given at the Empress Hotel this morning by Hawthorne K. Dent, president of the General Insurance Corporation, Seattle, of a hole-in-one which he shot at the Victoria Golf Club yesterday afternoon.

Mr. Dent was going round the Oak Bay course with E. L. Mann of Wenatchee, Wash., and Seattle, president of the Washington Mutual Company, and James McComb, vice-president of White and Boland, prominent Seattle investment firm. The hole-in-one was made on the second green.

Mr. Dent had little to say about his own golfing accomplishments this morning, but mentioned that Mr. McComb rates as one of Seattle's most promising players.

Mr. Dent only arrived in Victoria yesterday, so that he was almost stepping off the boat to make his remarkable shot.

SOFTBALL LOOP TO OPEN PLAY

Twelve teams in the Sunday School Softball League will start the season off tomorrow evening at 6.50 o'clock with Professor Robert Wallace throwing the first ball at Savory Park for the game between the Junior Centennial nine and the St. Albion Oaks.

Other games to be played in the junior loop tomorrow are as follows: Metropolitan Beavers vs. Emmanuel Baptist at Stevens Memorial Park; Church of Our Lord vs. Lake Hill at Beacon Hill Park; Shelbourne Street Baptists vs. Andrians at Reynolds Road; Cathedrals vs. First United at Lower Central Park. The Chinese nine draws a bye, while the Metropolitan seniors and the First United seniors clash in the only senior game of the evening.

TENTATIVE ROAD PLAN DRAFTED

Hon. F. M. MacPherson, Minister of Public Works, is continuing negotiations with the federal government with regard to road work in British Columbia this year, Premier Pattullo said this morning.

The Premier said he had been advised a "tentative programme" had been drafted but that negotiations were not yet complete.

INTL. NICKEL EARNINGS UP

Canadian Press
Toronto, May 15.—A net profit of \$8,386,787, equal to 54 cents a share on the common stock after allowing for preferred dividends, is reported for the first quarter of 1936 by International Nickel of Canada Limited. The quarterly statement was mailed to shareholders yesterday.

Fine for Kidney Weakness

STOP RESTLESS NIGHTS

Keep your kidneys free from waste matter, poisons and acids, and put healthy activity into kidneys and bladder and you'll live a healthier, happier and longer life.

One most efficient and harmless way to do this is to get from your druggist a 40-cent box of Gold Medal Haeften Oil Capsules and take them as directed—the swift results will surprise you.

Besides disturbed sleep some symptoms of kidney trouble are backache, moist palms, leg cramps and puffy eyes. If you want real results be sure to get GOLD MEDAL—the original and genuine—a grand kidney stimulant and diuretic—right from Haeften in Holland. Give your kidneys a good cleaning once in a while.

pared with current assets of \$60,109,886, including \$32,720,024 in cash and government securities as of December 31, 1935.

LANGFORD
The monthly meeting of the Langford Parent-Teacher Association was held in the schoolhouse on Wednesday evening. The members voted to continue taking the P-T magazine and ten minutes will be devoted at each meeting to reading it. A resolution sponsored by the local Women's Institute members with regard to the need for a technical school was endorsed. Tentative plans were made for a social evening on Wednesday, June 10.

An interesting account was given by Rev. A. M. Acheson-Lyle of the time when he was a prisoner of war in Germany in May, 1918, and his subsequent pleasant visit to that country four years later.

The Wolf Cubs of the First Langford Scout Troop, with their Cubmaster, D. B. F. Bullen, enjoyed a day's hike on Saturday to the Belmont Lagoon.

Thirty-six members and friends of the Langford Women's Institute attended a social on Tuesday afternoon in the institute hall.

Mrs. D. B. F. Bullen welcomed the guests who included Miss M. J. Urry, Miss Fairley and Miss Isabel Ellis, from Hamilton, Ont. The programme included two piano solos by Miss Elizabeth Welch and two vocal solos by Mrs. F. H. Staverman. A novel contest entitled "A Tremendous Proposal" was won by Mrs. P. N. Welch and Mrs. W. A. Walker. Mrs. Welch winning the draw. Tea was served by Mrs. H. F. Duck and Mrs. E. A. Hincks.

Miss Urry gave a talk on her motor trip of 3,100 miles from Hamilton, Ontario.

Watermelons in transit often lose about 8 per cent in weight over a period of several days.

GOLFERS SEEK FURTHER CUT

Oak Bay Club Asks Municipality For Consolidation of Meter Readings

A request from the Victoria Golf Club to consolidate water meter readings under the new arrangement for reduced water rates, was before the Oak Bay Council yesterday, but was tabled after short discussion, pending the preparation of the new rate by-law which will give large consumers a reduction for summer use.

At present there are four meters on the golf links and the clubmen are requesting that all consumption be handled as though registered through one meter. Under such a plan the golfers would receive a greater discount since the minimum would only have to be registered on one meter and the remainder would be subject to the low rate.

The council was informed there would be a loss of \$200 to the corporation under the new plan and if the request was granted it would mean the loss of an additional \$300 or \$400.

STRAWBERRY VALE

Mrs. George Jones, Carey Road, is visiting at Marjorie, Vancouver, where she is the guest of Captain and Mrs. James Erskine.

Rev. William Allan, Glyn Road, left on Monday for Vancouver to attend the annual provincial conference of the United Church of Canada.

Mrs. Roy Chandler, accompanied by her three children, of Courtenay, are visiting Mrs. Chandler's parents, Mr. and Mrs. Fred. Bennett, Burnside Road.

Miss Muriel Cummins, Colquits, left recently to visit her mother at Hamilton, Ontario.

Brazilian Traction Declares Dividend

Toronto, May 15.—Directors of Brazilian Traction, Light and Power Company declared a dividend of 30 cents a share today, the first cash dividend since May 1, 1932. The disbursement is payable July 15 to stock of record June 5.

In September, 1932, the company voted a stock dividend of one share for 50 held. At that time and since restrictions on Brazilian exchange and the low milreis rate rendered difficult the transfer of funds from Brazil to other countries. The situation with regard to transfer of funds has improved slightly, it was learned today, but the directors decided to make the best of it and reward stock holders to some extent for their years of patience.

Sugar Consumption Highest Since 1931

Canadian Press
Ottawa, May 15.—Canada's consumption of sugar last year amounted to 981,109,980 pounds, according to a return tabled by Trade Minister Euler in the House of Commons yesterday. This was the highest figure since 1931 when sugar consumption totaled 1,003,908,912 pounds.

Net sugar produced in Canada was 14 per cent of the total refined sugar consumed in 1935 and 1936, said the return.

DIVIDEND DECLARED

Dominion Bank, quarterly dividend of 2 1/2 per cent, payable July 2 to shareholders of record June 20.

DIVIDEND DECLARED

International Mining Corporation, fifteen cents, payable June 20 to shareholders of record May 28.

GOODWILL DAY WILL BE MAY 18

Save the Children Fund Will Hold Campaign; Adoption Plan Popular

May 18 has been set apart by the League of Nations as a Goodwill Day to strengthen international bonds of friendship. This date, promulgated by the International Union of the Save the Children Fund of the League of Nations for wider, sympathetic understanding, has also marked an active campaign to enlist the aid of citizens to contribute materially to the needs of children in distress.

The Save the Children Fund is active in sixty-four countries, bringing aid to children suffering through national calamities such as war, famine and flood.

The Save the Children Fund was organized by a British woman, Eglantyne Jebb, to alleviate the distress of children in the war zones of 1914-1918. Hospitals, homes and nurseries have been established, and from its earliest days to the present time the fund has consistently helped refugees of all nationalities. Refugee villages have been founded and dying children rescued from the indescribable confusion.

But not only in battered Europe and distressed areas of England has the Save the Children Fund worked among "needy children." In Canada this same practical sympathy has been extended to homes in the drought areas of the prairies and stranded cases in the Peace River Block.

The coast of British Columbia has claimed the attention of the local branch of the Save the Children Fund. Layettes, clothing and shoes have been supplied to children whose parents have been barely able to live on meagre relief or chance work.

Youngsters requiring hospital treatment but unable to pay the fare to the nearest station have been helped, and children requiring institutional treatment have been subsidized.

One of the particularly successful phases of the fund's work, and one which has proven to be of individual interest, is the adoption scheme.

In this, the benefactor makes a small monthly payment, usually about \$2.25, for the benefit of a child chosen by them from authenticated cases presented. This amount assures a needy child in Europe of adequate clothing and food and regular school attendance. In Canada, this amount supplements food and clothing to an undernourished child, which so often means the difference between health and sickness.

If desired, the benefactor is put in direct correspondence with the child, and regular reports are made by the worker of the S.C.F. Many warm friendships have ensued.

Sunday school classes and schools and girls' clubs find this method of contributing toward the work of the fund of happy and educational interest through the correspondence with the benefited child. Individual benefactors also avail themselves of the adoption scheme to aid, very often, a child in their own native country.

Rev. C. C. Owen, president of the local S.C.F., 685 West 15th Avenue, Vancouver, will be glad to receive letters of inquiry as to the work of the fund in detail. All money donated is used directly to relieve cases of dire need, administration costs being met by special contributions of members of the fund.

The Goodwill Day annual appeal wishes to especially draw attention of schools and individuals to the adoption phase of the work. To take the Christian responsibility of a child in need for even six months enables yet another child to be cared for who otherwise cries in the great want and unhappiness of destitution. Donations will be acknowledged by W. H. Davies, 1008 Broad Street, local treasurer for the Save the Children Fund.

TABLE ACTION ON CITY'S REQUEST

Decision of the Oak Bay Council on the request from the city to have the Cadboro Bay Road culvert on Bowker creek altered, was tabled at a meeting yesterday.

The council will have further inquiries into the proposal made by A. S. G. Muirgrave, the engineer, who will report back to a committee of the whole council.

The city asked that Oak Bay stand the cost of increasing the grade of the creek at the culvert to permit a quicker run off of water in the Shelbourne Street area. It was estimated at \$9,000.

Streams that run north and south are preferred by crawfish.

WHEAT IN STORE SHOWS DECREASE

Canadian Press
Ottawa, May 15.—Canadian wheat in store for the week ended May 8 amounted to 155,441,638 bushels, a decrease of 7,777,584 compared with the previous week, and a decline of \$5,838,289 against the corresponding week last year, the Dominion Bureau of Statistics reported.

Canadian wheat in the United States amounted to 10,762,421 bushels compared with 11,888,396 the preceding week, and 11,014,573 the corresponding week in 1935.

There was no United States wheat in Canada, while on the same date last year 787,912 bushels were in store.

Wheat in transit on the Lakes amounted to 4,911,560 bushels

against 531,067 the previous week and 884,138 the corresponding week in 1935.

Intl. Harvester Annual Meeting

Canadian Press
New York, May 15.—Sydney G. McAllister, president of International Harvester Co., told stockholders at the annual meeting today "business is considerably better than a year ago."

"We find," he said, "as fast as the farmer has the funds, he is very attentive to his obligations."

DIVIDEND DECLARED

Bank of Nova Scotia, 3 per cent, payable July 2 to shareholders of record June 15.

A Solemn Ritual IN THE Steaming Jungle!

Evidence you cannot overlook

"My childhood and early years were spent in the Far East with its scorching heat, damp fever-breeding swamps and steaming jungles. The white residents' greatest asset was good health and the high resistance to disease which comes from internal cleanliness. The use of Eno's 'Fruit Salt' was practically universal, and the morning glass of Eno's a solemn ritual, for one soon learned that a pure blood stream is the best defense against disease. I have since followed this early training in many lands and climates—from India to wartime France—and in tropical heat or sub-zero cold, Eno has helped me to keep fit."

A. W. S., (Toronto, Ont.) Letter No. 1056

FRIEND TO TRAVELLERS

"Changes in climate, drinking water and the variety of cooking that one has to contend with on a journey of any length are ordinarily upsetting to the average digestion. Eno is the ideal alkaline to keep a normal balance in the system. Wise travellers are never without it. The morning drink leaves one clear-headed and cool for the rest of the day."

E. M., (Winnipeg, Man.) Letter No. 1064

NO MORE PIMPLES

"Thanks to Eno, my young daughter, who has been troubled with adolescent pimples for some time, now has a fine clear skin. After trying yeast and various blood-purifying treatments I decided to give Eno a trial. I cannot say how pleased I was to see her skin clear up in three weeks' time."

Mrs. K. H., (Westmount, Que.) Letter No. 1104

ENO'S 'FRUIT SALT'

HANDY SIZE 50c HOUSEHOLD SIZE 85c

CAK/3

Take a hint from this glowing young lady!

MOST mothers know that whole wheat supplies the vital elements so necessary to make strong muscles, and sound teeth and bones. And Shredded Wheat is 100% whole wheat, Nature's perfect cereal food, nothing added, nothing taken away. Children thrive on Shredded Wheat. Serve it at least once a day with rich, wholesome milk and fresh or canned fruits or berries.

Enjoy the thrill of V-8 performance

DRIVE out into bright spring weather in a 1936 Ford V-8. There's a thrill to the way it holds the road... in the purr of its smooth V-8 engine... in its quick pick-up and effortless power on short jaunts or long trips.

The Ford V-8 has everything you want in economical performance, beauty, comfort and safety. It stands for the newest, latest developments in automobile building. No other car under \$2500 has a V-8 engine.

Ask your dealer to show you the Ford's wealth of features. Ask him to take you and your family out on the open road. Then enquire about the small cost. Because the Ford provides more high-quality features at a lower price than any other car, Ford owners say—"Never before has so much fine automobile been offered for so little money."

Ford Has All These Quality-Car Features—No Other Low-Priced Car Has Any of Them

You need every one of these major features for modern car performance. They are included in cars of much higher price, yet Ford has made them available to you at no extra cost. Your Ford dealer will gladly explain the value and function of each. They are: The V-type eight-cylinder engine; high-compression aluminum cylinder heads (as regular equipment); dual down-draft carburetors; semi-centrifugal clutch; full torque-tube drive, radius rods front and rear; three-quarter floating rear axle.

DAVID W. BURNETT

CONTRACTOR AND BUILDER
518 FORT ST.

HANDSOME NEW THEATRE OPEN

Beautifully designed and modern in every detail of construction, the new Atlas Theatre will present its inaugural programme of first-run pictures at 12 noon tomorrow.

Victorians who have admired the modernistic lines and beautiful appearance of the exterior of the building will be delighted likewise with the interior of the theatre, where the keynote of modernism in design is carried out most pleasingly.

The lobby is finished in sunshine and blue and the decorative plan centres around a handsome wall fountain, designed in San Francisco, and specially flood-lit.

The theatre will seat 700. In many respects, as far as can be ascertained locally, it is unique among theatres of the Canadian west, in that it is the only one whose employees enjoy a profit-sharing financial arrangement with the owner; the only one built for acoustics; and the only one with forty-two spring seat chairs—a factor making for great comfort.

The owner of the Atlas, Dr. Gustavus Preiswerck, Ph.D., M.D., a resident of Victoria for fifteen years, is well known in musical circles as an accomplished violinist. To his interest in music is to be attributed the special steps taken to ensure acoustical excellence in the construction of the theatre.

As a physician, he is, of course, most interested in safeguarding the health of patrons of the theatre. To this special concern may be ascribed the decision to install an up-to-date system of air-conditioning.

His sense of community responsibility led to his making the construction of the theatre an entirely

Latest addition to the amusement facilities of Victoria, which will open to the public at noon tomorrow. Both design and equipment of the Atlas are of the most modern kind.

Victoria enterprise. As far as possible, all money was spent locally. David W. Burnett was the general contractor.

The auditorium is finished in De Costa blue and buff. The walls were

equipped with special acoustic plaster, applied by McCandless and Bartlett.

"The Atlas is the only house actually built for acoustics in western Canada," said John D. Garrard, manager of the theatre, today. "The very latest sound (Northern Electric) and projection equipment has been installed by the Dominion Sound Equipment Company and the Theatre Equipment Company of Vancouver, and tomorrow's programme is the first of a long series of first-run pictures."

The air-conditioning plant will wash and purify the air in the

atre four times every hour. It was installed by the Pacific Sheet Metal Works. This firm likewise installed the automatic heating plant and built the roof.

Ernest Emery was in charge of electrical installations. O. W. O'Neill of the tilework and W. Fridham of the plumbing. Moore-Whittington Lumber Company supplied millwork; the Cameron Lumber Company, lumber; David Spence Limited, carpets; and other materials were supplied by the Sidney Roofing Company. A. C. Clarkson was architect for the building. Seats were supplied by the Globe Furniture Company.

Moving To The Atlas Theatre

Partial Rally In Today's Session Of New York Mart

Associated Press
New York, May 15.—The stock market tried to whip up a rally today, but was only partially successful.

Scattered issues were responsive to rather half-hearted support while others dipped and recovered in nervous fashion. Profit taking was apparent throughout the rather quiet session.

The close was somewhat irregular. Transfers were around 1,100,000 shares.

The news was more constructive than otherwise, with earnings of important companies confirming the general recovery trend.

Farm implement shares were in demand for advances or fractions to around 3 points at their best. Among these were International Harvester, Oliver Farm and Caterpillar Tractor.

Others, including moderately improved, included Western Union, Douglas Aircraft, Johns-Manville, Allied Chemical, Detroit Edison, American Car & Foundry, Commercial Credit, Montgomery Ward and Sears.

Such issues as radio and Packard were lively performers. The steel, motor, utilities and the majority of the rails slipped a shade.

Wheat finished up 1/4 to 1/2 of a cent a bushel and corn was unchanged to 1/2 higher. Bonds were better than even. Foreign currencies were mixed in terms of the dollar.

(By H. A. Humber Ltd.)
Dow Jones averages closed today as follows:

Thirty industrial—151.06 up 0.11.
Twenty rails—45.21, up 0.22.

Forty bonds—101.94, up 0.07.

The range of today's Dow Jones averages was as follows:

INDUSTRIALS—
11.00—151.43, off 0.16.
12.00—150.93, off 0.56.

2.00—151.57, up 0.02.
2.00—151.71, up 0.22.

RAILS—
11.00—44.97, off 0.02.
12.00—44.95, off 0.04.

1.00—45.17, up 0.18.
2.00—45.39, up 0.40.

MINE SHARES CHURN ABOUT

Canadian Press
Toronto, May 15.—Mining shares prices churned about today and at the close of the Toronto market the average showed little change from that of the previous day.

Buffalo-Ankerite advanced 50 cents to 6.25. Pickle Creek improved 20 cents to 6.20. Little Long Lac sold up 15 cents to 87.

Weakness developed for McLeod-Cochran with the price slipping to around 4.50, down 30 cents. Hard Rock did a little better, McKensie added a cent or two and Gunnar was higher by about 5 cents.

Palmolive, Sherwin, Sudbury Basin and Ventures closed on the up side.

MIXED TRENDS AT MONTREAL

Canadian Press
Montreal, May 15.—Conflicting price trends marked today's close of Montreal Stock Exchange.

Price changes were limited.

Brazilian gained 3 points at 12 1/2. Canadian Hydro-Electric preferred and B.C. Power firmed fractions. Declines of about 1/4 each were posted for Distillers-Seagrams at 25 1/2, Canadian Industrial Alcohol at 8 1/2 and National Breweries at 42 1/2.

Nickel lost 1/4 and Smelters 1/2. Papers dipped fractionally. Oils were mixed.

Winnipeg Futures Reflect Rise in Outside Markets

IMPROVEMENT AT TORONTO

Canadian Press
Toronto, May 15.—The industrial section of the Toronto exchange transacted a fair amount of business today, chiefly in Brazilian Traction, and closing prices indicated a small advance for the day. Brazilian closed with a gain of about two points on announcement of a dividend.

Announcement Distillers-Seagrams will pay \$1,500,000 to the United States government to settle duty claims. The closing price showed a loss of about 1/4 of a cent for the day.

Higher prices were posted in the steel for Dominion Coal preferred, Steel of Canada, Standard Steel and United Steel.

WILLINGDON IS PORTS WARDEN

He Will Reside in Dover Castle and Be Chairman of Dover Harbor Board

Canadian Press

London, May 15.—The Earl of Willingdon has been appointed Warden of the Cinque Ports, an honor long associated with India whence Lord Willingdon has just returned after relinquishing office as Viceroy. A previous lord warden was the Duke of Wellington of Waterloo renown, and also once famous in Mysore as the Sepoy general. The late Marquess of Reading, like Lord Willingdon, was a former Viceroy.

The Cinque Ports are an association of maritime towns in the south of England—originally five in number, but now including a number of other "ancient towns." Formed about the time of the Norman Conquest, the duty of the Cinque Ports until the reign of Henry VII was to furnish nearly all the ships and men needed for the King's service, in return for which the ports enjoyed extensive privileges.

The Lord Warden is also constable of Dover Castle, at which he resides. He has a maritime jurisdiction as admiral of the ports, but today has practically no important duty to exercise except that of chairman of the Dover Harbor Board.

The former Governor-General of Canada, created a Marquess two days ago, is also to receive an honorary degree from the University of Cambridge. This will doubtless be conferred in person by Prime Minister Baldwin, the University's Chancellor. Lord Willingdon, like Mr. Baldwin, was a student of Trinity College.

The appointment of Lord Willingdon will give particular pleasure to the Cinque Ports, for both he and Lady Willingdon—whose childhood was spent at Normanhurst, near Battle—can claim descent to be their country, although Lord Willingdon during the past twenty years has seen very little of it.

The former Governor-General of Canada, created a Marquess two days ago, is also to receive an honorary degree from the University of Cambridge. This will doubtless be conferred in person by Prime Minister Baldwin, the University's Chancellor. Lord Willingdon, like Mr. Baldwin, was a student of Trinity College.

DOWN THE GANGWAY

The Aorangi Makes Port With a Big List—Col. Cosgrave and Sir Murchison Tell Their Impressions—Many Passengers Going Across Atlantic, a Number of Them Choosing the Ss. Queen Mary—Several Disembark Here

By JIM NESSITT

"Canada and Australia are the two biggest Dominions in the empire, but the people of both countries really know very little about each other," said Col. L. M. Cosgrave, Canadian Trade Commissioner to Australia, who was a visitor to Victoria this morning aboard the Ss. Aorangi. With Mrs. Cosgrave and their daughter, Miss G. Cosgrave, he is en route to Ottawa for the summer.

"People of Canada and Australia should investigate each other more fully," he said. "Australian people come to Canada more than Canadians go to Australia. They feel that there, too, I would urge Canadian business men to visit Australia as often as possible."

"Australia is now our third biggest market, ranking next to the United States and Great Britain. Last year our business with Australia amounted to \$21,000,000, which was a 25 per cent increase over the year before. We sell 150 commodities there."

Col. Cosgrave told of the success of the Canadian exhibit at the Centenary Exposition at Adelaide. Twenty-one Canadian firms were represented, he said, and the exhibition of the British Columbia timber exporters was outstanding.

Not for five years has Col. Cosgrave been in Canada. He was trade commissioner to Shanghai when he was transferred to Australia. He traveled as far as Honolulu late in 1934 and from there took passage to the southern Dominion.

Col. Cosgrave was met in Victoria by Hugh Dalton, secretary of the British Columbia Division of the Canadian Manufacturers' Association, and Capt. T. J. Goodlake, secretary of the local branch. This was at the Union Club with Hon. John Hart and Capt. Goodlake.

There were 323 passengers aboard the Aorangi when she arrived at midnight. This was a pretty big list and caused lots of activity at the Rithet ocean docks. Local people disembarked as soon as the liner docked, but others remained aboard until this morning, though passengers to Vancouver coming ashore for sightseeing drives. United States passengers disembarked this morning and later proceeded to Seattle.

Nearly half the Aorangi's passengers were en route to England. They will cross the Atlantic seaboard to sail more than a score of ships being selected by them for their Atlantic trips. Nearly a dozen passengers will take the Ss. Queen Mary in June.

"The Fiji Islands are flourishing," said Sir Murchison Fletcher, retired Governor of the Islands, who came in aboard the Aorangi en route to England before taking up his new duties as Governor of Trinidad.

"The discovery of gold has helped prosperity there a great deal. Australia is taking all the Fiji gold it can get."

After six years in Fiji, Sir Murchison said he was sorry to leave Suva, although he will be glad to be so much nearer to England in his new position.

P. D. Burrows of Kobe chose the long way around of travelling from Japan to England. He went to Hongkong, Australia and New Zealand and at Auckland boarded the Aorangi.

He told this morning of a telephone conversation he had from his Kobe office with his eighty-three-year-old father in London.

"I could hear his voice perfectly," he said, "and they could hear me. I spoke to six persons in three minutes and I recognized their voices immediately."

Two parties from the world cruising Empress of Britain were aboard the Aorangi today. They were Mr. and Mrs. J. W. McConnell and two children of Montreal and the Baron and Baroness M. De Gley of Paris. They left the British at Honolulu.

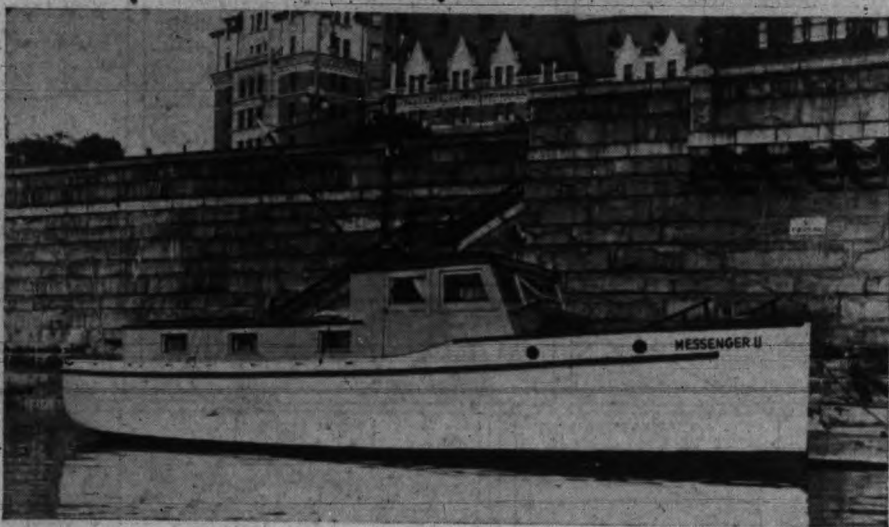

Capt. G. A. Frosier arrived from New Zealand on his way to England where he will take command of the new steamer Matua, which will be placed in service between Australia and New Zealand.

On their way to a labor conference in Geneva, A. G. Mitchell, representative of the New Zealand Employers' Federation and Robert McKen of New Zealand, were also on the Aorangi.

Aorangi passengers reported the Empress of Japan will arrive here next Wednesday with a capacity list of passengers. A number of the travelers from Australia disembarked at Honolulu, intending to spend a few days there and join the Japan. But when they were told they could secure no accommodation on the Empress they returned to the Aorangi.

Passengers down on the ship's "Who's Who" were O. Arnott, prominent Sydney solicitor; F. W. Firth of Sydney, Norman Fraser, managing director of the Cockatoo Dock at Sydney, Major Murray Jones, representative in Australia of the de Havilland Aircraft Corporation; W. D. Firth, salmon packer and shipper of Vancouver and Mrs. Firth; P. A. Cock, retired Oriental manager of the Canadian Pacific at Hongkong; M. A. Elliott, agent at Palmerston North.

TAKES CHEER TO WEST COAST SETTLERS

On a trip that will take her away from Victoria for four months, the mission craft Messenger II, owned and operated by the Shantymen's Christian Association left the Inner Harbor this morning in charge of Percy Wells. The Messenger will visit many isolated ports along the West Coast of Vancouver Island, taking physical and spiritual cheer to the many isolated folk who dwell in logging camps and small fishing villages.

Victoria and vicinity for 24 hours ending 5 p.m. Saturday: Moderate to fresh southerly winds; cloudy and mild, with occasional rain.

New Zealand, of the Union Steamship Company and Mrs. Elliott.

F. Dickson Nott of the Honolulu Advertiser is almost a Pacific Ocean commuter. He travels very frequently between Honolulu and Victoria and came ashore yesterday evening from the Aorangi and went to the Beach Hotel, where he will spend several months. He is one of Victoria's greatest boosters in the Hawaiian Islands.

Others who came ashore from the Aorangi were Mr. and Mrs. F. W. Deane, who are at the James Bay Hotel; Colonel G. C. Andrus, who is a guest at Hatley Park; Miss Evelyn Harper of Victoria, returning from Honolulu; J. T. Shadforth who will visit his brother, Capt. P. Shadforth, well-known local pilot; Mrs. M. D. Turnbull; Colonel and Mrs. W. B. Clayton of Duncan; and the Misses Partridge, who will visit the Claytons at Duncan.

Ss. North Sea Anchored Safely in Hunter Bay and Pumps Keep Back Water in Hold

Seattle, May 15.—The North Sea was formerly the Admiral People and piled in service between the Pacific Northwest and California ports. She was en route from Seattle to Rose Inlet, on Cordova Sound, when she ran aground.

Dr. F. A. Thomson, president of the Montana School of Mines and twenty-one senior students from the school were passengers on the North Sea. They were en route to Alaska on an annual "graduation week" trip to inspect mining properties.

Capt. Nickerson, master of the ship, has been in command of the North Sea since her maiden voyage to Alaska last year. He spent fifteen years of his seafaring career in windjammers on the Atlantic.

Born at Somerville, Mass., the master was a cabin boy in the sailing ship Union St. Pierre, operating out of Halifax in the West Indies trade, and also was in vessels plying the River Plate. He was former master of the Alaska cruise ship Dorothy Alexander.

By DR. F. A. THOMSON,
President Montana School of Mines.
Written for The Associated Press

Aboard Ss. North Sea in Alaska waters, May 15.—Our party of twenty-two members of the Montana School of Mines, only one of whom ever had been to sea before, thoroughly enjoyed our adventure when the steamer North Sea grounded in Dixon's Entrance near Ketchikan yesterday.

We never were in the slightest danger. I was awakened by a scraping sound on the bottom of the ship, followed immediately by a grinding crash. I dressed at once and went on deck to find the bow stuck on low rocks.

The time was 3:30 a.m. and the fog was black as your hat and thick as a hedge.
The behaviour of the officers, crew and passengers was excellent. There was not the slightest panic.

Ketchikan, Alaska, May 15.—Wreck-weary passengers aboard the crippled steamer North Sea, anchored safely in Hunter Bay, waited today for the arrival of the steamer Victoria, unspooling through a fog along the coast of Prince of Wales Island.

Standing by was the United States coastguard cutter Alert which dashed from Ketchikan to the North Sea and picked up the ship's 143 passengers and thirty members of the crew, whom Captain A. W. Nickelson ordered into lifeboats yesterday morning after the ship grounded on Marsh Point.

The Alert returned 121 passengers and the crew members to the vessel last night, after disembarking twenty-two passengers at destinations on Dall Island, a short distance north.

A survey showed only nominal damage to the hold and that the pumps were gaining on water in the hold. The passengers were returned rather than risk taking them around treacherous Cape Chacon to Ketchikan.

The Victoria left here yesterday evening to pick up eighty-eight northbound passengers. Thirty-four others were expected to come here on the North Sea or the Alert.

The Ss. Salvage King, which prepared to leave Victoria yesterday afternoon for the North Sea, was advised her aid would not be necessary.

COMPLETE PLANS FOR EXCURSION

Over 500 Victorians are expected to visit Seattle tomorrow on the only excursion the Ss. Princess Kathleen will take this season.

This fine liner, fresh from annual overhaul, will leave the Belleville Street docks at 9 o'clock in the morning. Her passengers will be given about four hours in Seattle before commencing the return trip at 6 o'clock. They will reach Victoria about 10:30 o'clock.

Fishing Boat Had Disastrous Trip

St. John's, Nfld., May 15.—Her flag at half-mast, the storm-battered French schooner Cote Demeraude sailed into St. John's yesterday to report one of her crew dead, two others missing and a fourth injured. While repairs were being made to a broken windshield and damaged dories, the skipper told of a disastrous trip to the Grand Banks.

One member of the crew died aboard ship, and two others, out fishing in a dory, had gone astray in the fog.

Although the Cote Demeraude searched for days no trace of the missing men was found.

Pacific Shipping Again Discussed

London, May 15.—New allegations that the United States will "unfairly subsidize its shipping out of our merchant marine in the Pacific" were made in the House of Commons yesterday during a debate on the shipping situation.

Sir Herbert Cayser, Conservative, declared the only way of preventing the disappearance of British shipping from the Pacific was "for the British Government to join wholeheartedly with the Dominions in an endeavor to see if it could adopt measures to meet this unfair competition."
